# PLEASANT UPRIISINGS IN BULGARIA ARE REPORTED

## ANTI-UNIONISTS OF PRESBYTERIAN CHURCH ARE NOW ORGANIZING

**100 General Assembly Commissioners Attend Meeting  
In Port Arthur; Speakers At Assembly Session Urge  
Presbyterian Unity Be Preserved.**

Port Arthur, Ont., June 12.—The Presbyterian Church Association, composed of commissioners who are opposed to church union, held a meeting this morning, which was largely attended, as was also a meeting held last night. About 100 commissioners were present. Rev. Dr. J. F. Fraser, president of Montreal Theological College, presided at these meetings and it was announced that no injunction would be asked for from the courts to check any movement toward union with the Methodist and Congregational Churches. Committees will be named in each of the nine provinces to formulate a policy for the future, and the work of finding supporters and friends for the policy of a continuance of the Presbyterian Church in Canada will be vigorously carried on.

The meetings, from which the press was barred, are said to have been of an enthusiastic character, being marked by a determination to secure the largest possible following for this organization.

**Replies to Protest.**  
The Assembly, this morning appointed a committee to reply to a solemn protest of Thomas McMillan against the communion of union and a similar communication in reply to the dissent of Dr. Ephraim Scott against the Moderator's ruling and voting by ballot.

President C. W. Murray of Saskatchewan University, submitted an amendment to the effect that the Union Committee be empowered to use its best efforts by amendment of the terms of union and in other ways to meet the objection of the dissenting minority and to prevent by any possible means a permanent break in the ranks of the church.

**Paid a Tribute.**  
Rev. C. H. Dickie, in seconding the resolution, paid a fine tribute to Dr. Drummond's heroic efforts to mediate between the opposing forces and hoped that although he had failed, this resolution would be a tribute to his high character and that the unity of the church might be preserved.

Rev. Dr. W. D. Reid, of Montreal, though he had voted against church union, praised the spirit of the resolution and expressed the hope that in spite of what had taken place the unity of the church might be preserved.

Rev. Dr. C. G. Pidgeon, of Toronto, who moved the adoption of the resolution, expressed gratification with the spirit in which the debate had been conducted, and called upon the commissioners to do everything in their power to meet the needs of the church and to close up the ranks of the church for a great forward movement.

**Publications.**  
Recommendation of co-operation with the Methodist publishing houses, Rev. Dr. J. M. Duncan, of Toronto, presented the report of the Presbyterian Publications Committee to the Assembly this morning.

The report showed that a large measure of co-operation exists between the Methodist and Presbyterian publishing houses and stated the ambition of the department was to develop an indigenous body of literature to meet the needs of young Canadians. The report also showed that the business of the publications department is in a thoroughly prosperous condition.

**Declared a Loss.**  
Rev. Dr. Scott, of Montreal, speaking on the report, called attention to the fact that co-operation had resulted in eliminating from the Presbyterian publications articles dealing with the different missionary works of the church. This had been a loss, he said, offsetting in some measure the advantages of co-operation.

**Committee Reports.**  
Port Arthur, Ont., June 12.—The clerks of the Presbyterian General Assembly stated at the close of the morning session to-day that although the ordinary business of the body had apparently been thrown somewhat out of gear by the prolonged debate on church union, fair progress had been made.

The actual work and business of the body is largely done in committees, on whose reports the Assembly acts. These committees have been sitting steadily in spite of the enormous debate on church union and now have all the details well in hand. The Committee on Bills and Ordinances reported favorably on the question of the ordinance of church union. This is a highly contentious subject and will be warmly debated.

**Retired Ministers.**  
The Committee on Bills and Ordinances also reported favorably on a resolution to provide for the support of retired ministers.

**TWO WORKERS  
WERE KILLED  
BY EXPLOSION**

Worham, Texas, June 12.—Two oil workers, Ezra Davis, twenty-five, and W. C. Leverett, met instant death, and a third received severe injuries yesterday when a boiler in the Gulf Production Company's station on the Mrs. R. V. Bonds lease, between Worham and Currie, exploded. The bodies were hurled several hundred feet.

## GENERAL ELECTION IN P. E. I. HAS BEEN SET FOR JULY 26

Charlottetown, P. E. I., June 12.—The Prince Edward Island Provincial general election will be held July 26, according to announcement to-day.

## \$20,000,000 IS ASKED FOR ROADS

**Delegates to Good Roads  
Convention Look to  
Ottawa**

**Say Federal Government  
Should Make Generous  
Provision**

Hamilton, June 12.—The question of Federal aid through the continuance of the Canadian Highways Act will be debated by the delegates at the annual convention of the Canadian Good Roads Association, now in session here. It is said the delegates are unanimously of the opinion that the King Government should follow the example of the Borden administration and grant another \$20,000,000 to be expended in the next five years.

Considerable anxiety prevails among the delegates that the government have agreed that the case can most effectively be placed before the authorities by the Canadian Good Roads Association and the organization will make a further appeal to the Government for Federal aid.

## FORTY-THREE NEW BRUNSWICK HOUSES BURNED

Moncton, N.B., June 12.—The damage done by the fire at Redbank, N.B., yesterday, is placed at \$175,000. Forty-three new houses and other buildings were destroyed.

## BRITISH POLICE IN PALESTINE KILLED

**Two Who Had Protected  
Samuel Slain**

**Some Anxiety for Safety of  
High Commissioner**

London, June 12.—A dispatch to The Times from Jerusalem says ten British gendarmes, returning after having escorted the High Commissioner, Sir Herbert Samuel, to the northernmost Jewish colony, Mitalah, were ambushed by brigands. Two of the gendarmes were killed, two wounded and one was captured. Considerable anxiety prevails in official quarters regarding the safety of High Commissioner Samuel, who is camping with an escort of native Palestine gendarmes.

## TO MEET IN CANADA.

Port Arthur, Ont., June 11.—The Finnish Evangelical Lutheran Church of America has selected this city for its meeting place in July, 1924.

## NO AGREEMENT ON TURKISH DEBT

**Conferees at Lausanne Still  
Divided in Views**

**Peace Conference Situation  
Described As Delicate**

Lausanne, June 12.—The Turkish and Allied representatives at the Near East Peace Conference, having remained steadfast in their divergent views on the Ottoman debt, the successful issue of the conference is still in question.

The Allies late yesterday gathered together at a private meeting and considered the situation. The Turks, at a lengthy meeting yesterday, contended that to pay interest on the Ottoman debt in gold would amount to an annual expenditure of 35 per cent of the debt, as the Turkish pound has depreciated one-seventh of its par value, while the payment in French francs, worth about one-third of par, would be about the average between sterling and Turkish money.

Both the Allies and the Turkish profess no rupture of the conference is imminent, but each side realizes the delicacy of the situation.

## OPPOSE PROHIBITION.

Milwaukee, June 12.—The Milwaukee City Council last night passed a resolution urging the State Legislature to repeal the Prohibition law, the prohibition enforcement act, praising Gov. A. I. Smith of New York for signing the repeal of the Mullan Gage Act, and urging Gov. Blaine to do likewise if occasion arises.

## FAMOUS BRITISH AUTHOR IN CITY

**SIR ARTHUR CONAN DOYLE**  
Sir Arthur Conan Doyle, Lady Doyle, and party arrived from Seattle to-day, and proceeded to Vancouver to fulfill a lecture engagement. He will return to the city on Thursday.

## THIRTEEN KILLED IN PHILIPPINES

**Typhoon Took Toll of Lives  
On Island of Samar**

Manila, June 12.—Thirteen lives were lost and a large area was laid waste by a typhoon on the island of Samar, according to telegrams received to-day from Constabulary headquarters there.

The reports said that in seven towns ninety-five per cent. of the houses had been blown down and that the homeless thousands were threatened with famine.

## RAILROAD SHOPMEN ASKING CHANGES

**35,000 Men in Canada Want  
Wages and Conditions  
Altered**

Montreal, June 12.—Rail shopmen on Canadian lines have notified the Railway Association of Canada of a desire to open up negotiations on the subject of wages and working conditions. Altogether around 35,000 men are affected. The wage schedule committee of Division 3, Railway Employees' Department of the American Federation of Labor, has been summoned here and on arrival will go into conference to formulate proposals to be submitted to the Railway Association.

## SOVIET SENT NOTE TO SWITZERLAND

**Not Satisfied With Swiss  
Action Following Assassina-  
tion of Vorovsky**

Berne, June 12.—The Swiss Government to-day made public a note from Soviet Russia dated June 8, charging Switzerland with "moral complicity" in the assassination of the assassin, Conrad. It calls attention to the fact that the Lausanne police did not get to the scene of the killing for half an hour afterward and that the trial of the assassin, Conrad, was confined to the cantonal instead of the federal court.

The note says the previous Swiss reply to Russia's demand for satisfaction consisted of "insults against the Soviet Government." It calls attention to the fact that the Lausanne police did not get to the scene of the killing for half an hour afterward and that the trial of the assassin, Conrad, was confined to the cantonal instead of the federal court.

## NEW REPARATIONS ALLIED AGREEMENT SOUGHT BY LEADERS

London, June 12.—Conversations are still proceeding between Foreign Secretary Curzon and the French and Belgian Ambassadors on the subject of German reparations. renewed efforts being made to discover means to lead to a common agreement between the Allies. The British Cabinet has not yet reached any definite decision and the Government has made no demands upon France.

## FLOODS IN KANSAS ARE SUBSIDING

**Seven Persons Lost Lives in  
That State and Oklahoma**

**Property Loss Is Stated to Be  
Millions**

Kansas City, Mo., June 12.—The crest of the flood waters that for four days have covered the eastern half of Kansas and Northern Oklahoma had virtually passed to-day. Seven persons lost their lives, many missing and the property damage aggregates several million dollars. Thousands of persons were made homeless.

Arkansas City was under martial law to-day. It was estimated that more than 3,000 persons were made homeless there. The damage was placed at \$3,000,000.

Winfield, Kas., almost entirely cut off from the outside world, sustained estimated damage of between \$1,000,000 and \$1,500,000. Many were made homeless.

Conditions at Wichita, Kas., where four square miles of the city was flooded to a depth of three feet, were improving rapidly. Property damage there was estimated at more than \$1,000,000.

Damage said to reach \$2,000,000 was caused in Kay County, Okla., to crops, and property and in livestock loss.

**Street Was River.**  
Six feet of water flowed down the main business street of Kaw City, Okla., yesterday, while citizens huddled on a hill south of the town.

Citizens of Autwine took refuge in elevator shafts.

Six hundred persons attending the Epworth Institute at Winfield were marooned on a hill.

## RUSSIAN CROP OF GRAIN ESTIMATED

**Senator Brookhart to Make  
Visit of Investigation**

Moscow, June 12.—(Associated Press).—Investigation of the extent of Russia's grain crop which, if unloaded on the world's markets, would alter the prices received by American farmers, and a study of the Russian co-operative societies are objects of the visit to Russia of Senator Smith W. Brookhart, he said to-day.

On his journey through the grain fields between the Polish border and Moscow, he saw enough to convince him that Russia will have a good crop this year, but he expects to go to the south, visiting the wheat belt around Odessa, on his way to Constantinople.

Even though Russia probably will again become a serious factor in the world grain markets, this will not affect the American farmer's attitude toward recognition of the Russian regime, as the farmers of the United States would be glad if the Russian farmers prosper. Study of the operations of the Russian co-operatives, however, he believed, might show the American farmers means of gaining fair prices for their own grain in the American markets without worrying about prices to be obtained for their exportable surplus.

Accompanying the Senator are Dr. George E. Reiguel, of Philadelphia, and C. W. Lynch, of Harrisburg, Penna., who is connected with the post office department, and who, while on an unofficial mission, expects to report to Postmaster-General New. All are lodged in the soviet government's magnificent guest house. Secretary of Commerce Hoover is understood to be interested in Senator Brookhart's trip as a special assistant from the American relief administration has been detailed to accompany the senator.

## Prairie Province Crop.

Winnipeg, June 12.—From a crop development standpoint the weather throughout the prairie provinces has been excellent during the last seven days, according to the weekly state-

## FRENCH SENTRY KILLED IN RUHR

**Martial Law in Force in Peck-  
linghausen District**

**Railroads Bombed at Two  
Points By Germans**

Recklinghausen, June 12.—A French sentry was killed near the railroad station here to-day. The authorities have proclaimed martial law throughout the district.

Duisburg, June 12.—Three bombs were exploded on the main line railroad from Dusseldorf to Duisburg, near Roers-thal, at midnight. The north and southbound tracks were torn up for several yards. A locomotive was derailed, but no lives were lost.

**Train Left Track.**  
Cologne, June 12.—A bomb was exploded on the railroad tracks near Weilerwirth, on the main line between Cologne and Kreuzkirchen, early to-day. A freight train jumped the track, but no fatalities resulted.

**Six Were Killed.**  
Dusseldorf, June 12.—Six Germans were killed and thirteen wounded by soldiers in Dortmund Sunday night, says an official bulletin issued at French headquarters to-day.

**LOSING CALLANT  
FIGHT WITH DEATH**

**Percy George Knight Was  
Fatally Injured By Roll-  
ing Tree**

Particular tragedy attaches to the death last evening of Percy George Knight. Mr. Knight sustained the injuries which culminated in his death while trying to save a fellow employee, and then later when Mr. Knight was making a gallant fight for life in St. Joseph's Hospital, his father, Francis Knight, who had come to see him, suffered a stroke, from which he is still suffering.

Mr. Knight, who was 35 years of age, was engaged by Featherston & Young at Logan's Mill, near Eberts, when he met with a serious accident on May 7. A tree had been felled in the logging operation, and the branches were to be stripped. It was on a hillside, and commenced to roll. Observing that the timber would strike a companion at a lower elevation, Mr. Knight jumped in to save him. He put his shoulder to the tree, but slipped on the moist undergrowth, and was hurled downwards. It proved a difficult task to extricate the unfortunate man, who was terribly injured about the abdomen and legs. Mr. Knight was removed to St. Joseph's Hospital, where he was operated on at once, but while every effort has been made known to medical science to secure his recovery, it was felt that from the first the effort would be futile, and thus it has proved.

Mr. Knight was a native of Ottawa, and had been in this district for three years. He leaves a brother at Calgary, and two sisters, Mrs. Stewart, of Ottawa, and Mrs. L. Jones, at home with his father. The funeral has been set for Thursday at two o'clock, from the Sands Funeral Chapel to Ross Bay Cemetery. Rev. F. A. P. Chadwick will officiate.

## MAY ASK LIQUOR SHIP RULE BE LIFTED

**Harding May Call On Congress  
to Change Prohibition  
Law**

Washington, June 12.—There were increasing indications in high official circles here to-day that President Harding might ask Congress when it reassembles next Fall, to modify the prohibition law as it affects the carrying of liquor on board foreign vessels in United States waters.

The President was said to believe Congress never intended the Government to be confronted with the situation it is now called upon to meet by the objections of foreign powers in regard to the new rigorous ship liquor ban.

In the present circumstances, it was added, Mr. Harding sees no possible course open to him but to enforce to the letter the Volstead Act as it reads. He believes that no executive regulation would properly modify application of the court's opinion and that only an act of Congress would be sufficient.

## ARMED AGRARIANS ARE UNITING AGAINST NEW BULGARIAN MINISTRY

**Peasants Not Prepared to Recognize New Administration,  
Which Is Reported to Have Ordered Mobiliza-  
tion of Reserve Officers and Several Young Classes.**

Belgrade, June 12.—Peasant revolts against the new Bulgarian regime are reported throughout the country, dispatches from Sofia say. Near Plevna the revolt has assumed serious proportions, it is declared, and a force of 10,000 is said to have been surrounded. Fresh troops have been dispatched there.

Dispatches say the new Government has ordered the mobilization of all reserve officers and several young classes. Volunteers are being armed.

The dispatches confirm that former Premier Stamboulsky is not under arrest, but add there is no news of his whereabouts. Messages to newspapers here say the peasant revolt was started by Alexander Boleff, former President of the Sobranje, and Nedelka Anthanasoff, former Minister of Communications, who fled from the capital and raised a force of 7,000 peasants near Radomir, where fighting against the Government troops has occurred. A rising among the inhabitants of villages east of the capital has been organized by Deputy Tomianoff.

It is rumored here that the Bulgarian Minister at Prague, M. Baskaloff, is preparing to return to Bulgaria to help the Agrarian Party against the new Government, and that former Premier Stamboulsky is preparing to march on the capital at the head of 20,000 peasants.

**Treaty Honored.**  
Sofia, June 12.—The Zankoff Government has issued a manifesto in which it "notoriously declares it is ready to execute loyally the Neuilly Treaty stipulations with respect to the dignity of the Great Powers." Bulgaria, it adds, "is absolutely opposed to any sort of warlike adventure."

**In Paris.**  
Paris, June 12.—The Bulgarian Legation was overrun to-day with refugees expelled from Bulgaria by the Stamboulsky Ministry or voluntarily in exile through fear of possible consequences if they remained in the country. They are now desirous of returning home and are asking advice and looking for passports. The advice they are given is to remain in Paris for the present.

## LEEMING QUILTS; CITY HALL FACES SERIOUS CRISIS

**Mayor Strives to Get Council  
Together to Appoint  
Finance Head**

**Asks Leeming to Stay; Fin-  
ancial Administration in  
Confusion**

With Mayor Reginald Hayward striving to bring some sort of unity into the City Council following last night's dramatic break over the appointment of a city new financial head, the resignation of Alderman David Leeming, Chairman of the Finance Committee and recognized Council financial expert, to-day produced the most serious City Hall crisis in years.

**New Developments.**  
To-day's rapid developments, which left city financial affairs absolutely unsettled were:

(1) Announcement by Alderman Leeming that he had written out his resignation as Chairman of the Finance Committee, following the refusal of the Council to adopt any of its recommendations on the re-organization of the city finance department, following the death of the late J. L. Rymur, City Comptroller.

(2) Futile attempts by the Mayor to persuade Alderman Leeming to reconsider his resignation and the Mayor's statement that it would be impossible to appoint a new Finance Chairman with Alderman Leeming's knowledge of city affairs.

(3) The Mayor's decision to call the Council together shortly to reconsider the whole question of re-appointing a comptroller and his warning that last night's action by the Council "settled nothing."

(4) Intimation that City Treasurer E. C. Smith, acting head of the finance department, would ask the Council to instruct him definitely in his duties and to do away with the present state of uncertainty and confusion in financial administration.

(5) Announcement that the Council majority, led by Alderman George Sangster, having quashed the Finance Committee's plans last night, now planned a new City Hall session under which Mr. Smith as Treasurer would be finance head with J. McL. Muirhead as Comptroller under him.

**Mayor Pleads in Vain.**  
Alderman Leeming's resignation to-day came as no surprise to Council members, as the Alderman warned his colleagues last night that he would not carry on in the face of the Council's rejection of all Finance Committee's recommendations. It was learned to-day that the Mayor pleaded with Alderman Leeming for (Concluded on page 3.)

## PLAN TO INCREASE MARKET FOR FISH IN CANADA

Montreal, June 12.—Eighty per cent of Canada's fish output must find a market outside of Canada, it was stated at the annual meeting of the Canadian Fisheries Association here, to increase the amount of consumption of fish in Canada, it was proposed that a publicity campaign should be conducted throughout the country as soon as possible. The consensus of opinion was that the Federal Government and the Provincial Governments should act financially as well as otherwise in the campaign, while various commercial interests should also contribute to develop the industry.

Witness and Officer Norris, Preventative Officer of Canadian Customs, got into a power dory and proceeded to a small bay where they saw two small Canadian fishboats, the Cleverone, the United States vessel M718, and the gasoline launch K 402.

**High Powered Boat.**  
Officer Norris went on board the M718, a high power boat and witness waited on a float. Officer Norris returned with three guns.

Norris then went on board the Cleverone and examined the paper and then returned to witness with a \$20 rifle. One of the rifles was loaded. Witness noticed a pile of sacks fore and aft on the Cleverone.

Witness spoke to defendant on the float, but did not know who he was (Concluded on page 3.)

## STORY OF LIQUOR RAID IS TOLD IN POLICE COURT

**Officers Tell of Transfer of  
Liquor to American Boat**

**Two Men Face Charge Fol-  
lowing Chatham Island  
Seizure**

Details of the recent liquor raid on Chatham Island were given in the Provincial Police Court this morning before Magistrate George Jay, when Alfred Feuhr was charged on remand with the possession of unsealed liquor and Burt Cochrane was charged with the illegal possession of a gun. The case is proceeding.

H. A. Maclean, K. C. appeared as counsel for the Crown, and Mr. Frank Higgins, K. C., with W. F. Brougham, of Vancouver, Island, for the defense. Johnston, K. C., chairman of the Liquor Board appeared with Mr. Maclean.

Off the Cleverone, it was charged in the information that 290 bottles of Scotch and 299 bottles of rye were taken. There were 26 cases of Scotch and 33 cases of rye in sacks, but some of the sacks were broken.

**Two Searching Parties.**  
Alfred Bittencourt, officer in charge of the Customs Patrol Wine-mac under charter to the Customs Department, told of his trip to Chatham Island on June 2, and of seeing the gas-boat Ark, containing other officers in Refuge Cove. They continued to a cove not listed on the Admiralty chart and proceeded to search the cove. They saw the two-masted schooner Emma H. anchored and without sail or power.

Witness and Officer Norris, Preventative Officer of Canadian Customs, got into a power dory and proceeded to a small bay where they saw two small Canadian fishboats, the Cleverone, the United States vessel M718, and the gasoline launch K 402.

**High Powered Boat.**  
Officer Norris went on board the M718, a high power boat and witness waited on a float. Officer Norris returned with three guns.

## WE'RE GOING TO HAVE A HARD TIME EXPLAINING

## Firemen Lead Double Lives in Essen; They Squelch Flames and Bandits, Too

Essen, Germany, June 12.—Fire or bandits? Firemen here fight them both with equal effectiveness. They have to, for the governmental police have been ousted from the occupied territory, and the firemen have to carry on for them. When an alarm rings they don't know whether it's a call for a fire or a riot. So they rush out, armed with clubs and axes, prepared for either emergency.

In Germany all police are under the supervision of the central government. When the French occupied this territory they disbanded the Essen force. Citizens tried to start a local unit, but Berlin forbade it.

So Essen covers at night behind closed doors, while marauders and bands 20 to 50 strong, roam and loot

in the dark streets.

Firemen are summoned by either messenger or fire alarm, for on telephones are operating. They come on the run, and have been doing heroic work in keeping the looting down to a minimum. But their powers are limited. They are not allowed to patrol the streets.

But they are the last vestige of an organized German force that can keep order in the Ruhr. All the green police are gone.

I witnessed the expulsion of the last detail, a force of 119 stationed at Oberhausen.

It was 3 a.m. Four companies of infantry, accompanied by armored autos and machine gun detachments,

marched quietly through the dark deserted streets. As they neared the police headquarters, the armed trucks and machine guns covered the advance. It was carried out with military precision.

A sharp knock on the door, a low exclamation of surprise, and the half-awakened German "schupo" were quickly herded together. A search for arms, a command to get ready, and the group was soon on its way to the auto trucks, which carried them through the territory of the Ruhr to Dorsten, where they were ordered out and told to march ahead into Germany.

The last of the police were gone. And only the firemen were left.

## Times Book Review

By Prof. W. T. Allison

Ralph Connor has written a new story which will be published next Autumn. The scene is laid in British Columbia and the title is, "The Gaspards of Pine Croft: A Romance of the Windermere."

Dr. Harold A. Innis, lecturer in the department of Political Economy, University of Toronto, has written an economic "History of the Canadian Pacific Railway" (McClelland and Stewart, Toronto). The author of this painstaking work takes up such subjects as the expansion of the road and the development of freight traffic, the freight rate situation, passenger traffic, earnings, expenses, total receipts, capital, etc. This is a volume that ought to be on the shelf of the secretary of every board of trade in Western Canada. For the general reader, however, it is drier than a bale of hay.

The death of Sir William Robertson Nicol, for nearly half a century editor of "The British Weekly," has called forth more editorials and articles of appreciation in the English weekly and daily press than have been occasioned by the passing of any literary man for very many years. He was the greatest book reviewer in our time.

The remarkable work, "The Life and Letters of Walter Hines Page," has been appreciated in England where 40,000 copies of the expensive two-volume edition have been sold. This sale has surprised pessimists who love to dwell upon the decadence of the taste of the general public. Let us remember the above figure when we are reminded that 500,000 copies of that filthy sex story "The Shell" passed over the book counters of England and America.

Mr. Stias Hocking, the Cornish novelist, has just issued a "Book of Memory" in which he records the experiences of a long life as a minister and as a writer. He tells the story of an English "local preacher

who ventured to give his own view of a difficult passage in one of St. Paul's epistles. He labored at it for some time while his congregation looked at him with a bored expression on their faces. "Perhaps some of you don't agree with me," he said at length in a challenging tone, "and I admit if you don't you are not alone. I've consulted Adam Clarke and he's agin me; I've looked up Benson's commentary, and he's agin me. I turned to Barnes Notes this morning—and he's agin me. But what of that? I'm agin them."

Mr. A. S. M. Hutchinson, author of "If Winter Comes" is at work on a new novel, which will not, however, be published until next year. He will be represented in the Autumn lists by a remarkable volume of short stories entitled "The English Wonder." The English Wonder of the world were a brown dress and held on her lap a brown hat trimmed with brown velvet.

Sir Nevil Macready, the last of the British Commanders-in-Chief in Ireland, who made the truce with Michael Collins, is writing his memoirs. Sir Nevil is a son of the famous actor.

Mr. Austen Harrison has resigned the editorship of "The English Review." Some notable verse first saw the light in this magazine, the most famous being Massfield's "Dauber" and other longer poems. Other contributors were H. G. Wells with "The New Machiavelli," Joseph Conrad, W. B. Yeats, George Moore, and Walter de la Mare.

At the morning session of the Court of Appeal to-day the Crown set down the appeal of Rex versus Leo Rodgers. The appeal is from a ruling of Chief Justice Hunter, who granted a writ of habeas corpus on behalf of Leo Rodgers, who was convicted of selling liquor when charged before Magistrate Shaw in the Vancouver Police Court recently.

## MURDER CHARGE IN VANCOUVER

Japanese Tells Police He Killed An Elderly Com-patriot

Vancouver, June 12.—Reporting to police headquarters early this morning that he had killed a man, Etsuro Mori, a Japanese, led the police to Railway Street, near the waterfront, to where the lifeless body of an elderly Japanese named Shirasahi lay, with the skull crushed in. Mori was taken into custody and a charge of murder laid against him. A dispute over money matters, Mori is alleged to have confessed to the police, led to the killing.

## FRENCH SENTRY KILLED IN RUHR

(Continued from page 1.)

Paris, June 12.—The recrudescence of sabotage and shooting throughout the Ruhr since the Brussels conference of Frontiers and the French demand that the Germans cease their passive resistance is likely to cause the severest measures of reprisal in the occupied territory since the French troops entered Essen six months ago, it was said in authoritative circles to-day. The French, it was declared, are determined to put an end to the disorders and it is quite possible Gen. Degoutte, the French commander, will receive orders to extend the regime of martial law, already effective in the Bochum and Recklinghausen districts, to the entire Ruhr.

## MUSICAL NOTES

By George J. Dyke.

The quickest road to the soul of a nation is through its folk songs. These bring out the deepest things in human nature, as they reflect all sides of the emotional life of a people. Show me a nation's music, and I can tell if that nation be light-hearted and merry; or if it is selfish and self-centred, or if it is generous, tender and loving. Confucius says: "Wouldst thou know if a people be well governed if its laws be good or bad? Examine the music it practises."

Arnold Bax, one of the sturdy youth of Britain, and one of the most original and individual of modern composers, has written a quintet in G minor, for piano and strings. It is said that this work is a "sheer musical delight, glowing and gripping, beautiful and noble, pulsating with life and logically modern." And this eulogy from "Musical America."

It is said that Henri Verbrughe, the new conductor of the famous Minneapolis Symphony Orchestra, is the most vital and inspirational interpreter of Beethoven's works of the present day.

Albert Coates, one of England's greatest conductors—Sir Thomas Beecham is another—will conduct a series of concerts in Rome this Spring. During the past Winter he was guest conductor with the New York Symphony Orchestra.

Mme. Albani, famous prima donna of our early days, heads the list of Canada's "Twelve Greatest Women."

Schubert's "Ave Maria" was taken from Scott's "Lady of the Lake." His immortal "Hark, Hark, the Lark" was written in less than twenty minutes on the back of a beer garden menu.

"The Beggar's Opera" was given in New York in 1760. Perhaps this is the first opera given in the United States.

In one Sunday evening at Chicago nine high standard programmes were given. These were by five violinists, four pianists, ten vocalists, two orchestras, one cellist, either as soloists in light opera, orchestral concerts or in vocal solos and ensemble.

It has just come to light that at least 500 musical clubs and organizations during the past season have lost from \$100 to \$500 on artists' concerts. Many clubs have had to abandon their guaranteed courses, and some individual efforts have also been abandoned. Surely this is an unsound situation, and sadly handicaps the progress of the art of music. The time must come eventually when the fees of the artist and the costs of concert organization must be considerably reduced. Will co-operation do it?

Eva Gauthier, mezzo-soprano, is a Canadian. She was born in 1901, and accompanied Mme. Albani on her farewell tour of Canada in 1907.

Arthur Bliss, a distinguished English composer, is going to California to open negotiations with Charles Chaplin, who he says will "match an excellent subject for musical treatment, in the matter of films being written to music, instead of music to films."

One of the forty works in the repertoire of the New York Metropolitan Opera Company produced during the season just closed twenty-five were given in Italian, seven in French and eight in German.

Lionel Tertis, perhaps the greatest viola player in the world to-day, is to come over from England next Autumn to appear at the famous Berkshire festival in America.

Mischa Elman is still on tour. He left just back from New Zealand, and many opera stars are off to Europe on their Summer holidays. Joseph Bonnet has returned to Paris.

At St. Louis during the season of opera by the St. Louis Municipal Opera Company, no less than 300,000 people attended its performances. The season closed with a profit of \$40,000.

The oldest music institution in England, the Royal Academy of Music, founded 160 years ago, will build and equip a students' theatre for the study of opera.

## THRILLS?

Not for This Five-Year-Old Even at Her First Circus

Although she is only five years old, Stefania Klizman is already so blasé that she can't get a thrill from life. She is the product of the close confines of a crowded New York district. But her prototype may be found anywhere.

A dried geranium plant is her garden; and the narrow busy streets her idea of the wide open spaces. Any patch of green grass, no matter how small, means "the country" to her.

But when it comes to worldly matters, Stefania knows as much as her elders.

She has never been to a circus. But she has seen part of one in the movies once. Since it was some kind of show, she said she wouldn't interest her. She kept her eyes glued on the silver trimmings.

"That's the slickest act," she said. "Maybe I'll get dolled up like that when I grow up."

The circus was over for her. There wasn't a thrill left in the freaks, the riders or even the man who puts his head in the lion's mouth.

"Ain't she grand?" sighed little Stefania. "Look at her fine powder

and rouge."

Then, whispering a big secret: "Bet she uses an eye-brow pencil, too."

An animal trainer came out to direct his horses.

The little girl perked up.

"He's married," she confided. He had a white carnation in his button-hole, and that's what the bridegroom wore at a wedding Stefania once attended.

There was a lull. Tumblers and contortionists held the rings. The five-year-old was bored.

But then came a tightrope walker bespangled in tinsel.

"Lookit, lookit!" cried Stefania. Some dress, but she must be rich, all-right—'gee!'

Trick stunts on the wire didn't interest her. She kept her eyes glued on the silver trimmings.

"That's the slickest act," she said. "Maybe I'll get dolled up like that when I grow up."

The circus was over for her. There wasn't a thrill left in the freaks, the riders or even the man who puts his head in the lion's mouth.

ANTI-UNIONISTS OF PRESBYTERIAN CHURCH ARE NOW ORGANIZING

report coming from Swift Current to improve the standing in the church of those ministers who for various reasons have retired from active work.

The present high cost of living is said to be one of the factors leading to the decision of the church in favor of church union, although this matter was not mentioned in the debate. The minimum salary standard in the church is now \$1,800, but there are a good many churches in the East as well as the West which find it impossible, however willing, to secure this amount. Rev. Dr. R. W. Ross, of Halifax, who was formerly opposed to church union, states this circumstance compelled him to change his attitude. "A number of congregations in Nova Scotia and New Brunswick, he stated, are in this position. They desire to remain Freebyterians, but their means are limited and there is no prospect of the arrival of new Presbyterian families. Methodist churches are in the same plight and there is no solution except in union."

## VISITED GRAVE OF CAPT. VANCOUVER

Vancouver Board of Trade in  
England Accompanied by  
Lieut.-Col. Amery

London, June 12.—(Canadian Press Cable)—The Vancouver Board of Trade delegation, which yesterday visited the grave of Captain George Vancouver in the quiet little churchyard at Petersham, near Richmond, was afforded a striking example of how extensive are the records kept by the Admiralty of the past exploits of officers of the British Navy.

The party was accompanied to Petersham by Lieut.-Colonel D. C. Amery, First Lord of the Admiralty, upon whose directions the visitors were shown Captain Vancouver's original chart and his chronometer, which originally belonged to Captain Cook, under whom Vancouver sailed as a midshipman.

"If he had not had these," remarked Lieut.-Colonel Amery, "Vancouver City probably would not have been where it is."

Earlier in the day the Prince of Wales received the Vancouver party.

## G. B. ROBINSON DIED IN OTTAWA

Ottawa, June 12.—G. Blackett Robinson, formerly a well-known publisher, died at his residence here last night. He was in his eighty-sixth year.

Mr. Robinson is survived by his widow, two sons, Christopher Black-

ett Robinson, Jr., of the statistical branch of the Department of Trade and Commerce, Ottawa, and Thomas Burnside Robinson, financial editor of The Mail and Empire, Toronto, and three daughters.

## COMMONS VOTES INTERIM SUPPLY

Ottawa, June 12.—An interim supply bill granting the Government a further amount for carrying on business pending the approval of the estimates for the present fiscal year was put through all stages at the opening of the House of Commons yesterday afternoon.

One-third of the total amount required to provide a provisional bonus at once for the inside and outside branches of the civil service was voted.

The total amount voted to-day was \$1,553,322.

## PRESBYTERIANS VOTE WAS 426 TO 129

General Assembly Majority  
for Union 297

Port Arthur, June 12.—The vote of the General Assembly of the Presbyterian Church in Canada yesterday afternoon in favor of church union was 426 to 129. That was the division on the main motion, in favor of adoption of the Union Committee's report advising the Assembly to proceed forthwith to union with the Methodist and Congregational Churches in Canada. The motion was moved by Rev. Dr. G. C. Pidgeon, of Toronto.

The amendment of the Moderates counselling delay in the union proceedings, was rejected by a vote of 416 to 137. The amendment was moved by Rev. Dr. D. R. Drummond, of Hamilton.

**Opposed Union.**

The following presbyteries voted against union:

Red Deer, 4 to 2 against; High River, 2 to 1; Barrie, 6 to 5, and Hamilton, 11 to 7.

The following were evenly divided:

Lambert, 1 to 1; Trinidad, 1 to 1; Brisco, 3 to 3; Yorkton, 1 to 1; Abnerthy, 3 to 3; Kootenay, 2 to 2.

**Supported Union.**

Other Western votes were: Kamsack, 3 to 0 in favor; Qu'Appelle, 6 to 0; Argyle, 4 to 0; Alameda, 2 to 0; Weyburn, 20 to 1; Assiniboia, 2 to 1; Regina, 4 to 2; Moose Jaw, 5 to 2; Saskatoon, 10 to 0; Prince Albert, 30 to 1; Battleford, 5 to 0; Kindersley, 3 to 0; Swift Current, 2 to 0; Vermilion, 4 to 0; Edmonton, 8 to 2; Peace River, 10 to 0; Lacombe, 2 to 1; Calgary, 5 to 2; Medicine Hat, 2 to 1; Kamloops, 2 to 1; Cariboo, 1 to 0; Westminster, 12 to 7; Victoria, 8, 10-1.

**Closure Rule Adopted.**

Closure was applied in definitely settling the union question and the debate which opened on Thursday afternoon and which proceeded continuously until 4 o'clock yesterday afternoon was abruptly closed.

Efforts to reach the platform were exceedingly keen all through the day and there were many undeliv-

ered speeches when the hour set for the vote arrived.

**Form of Vote.**

Two incidents marked the closing of the discussion. Rev. Dr. Scott, of Montreal, made a hard fight to have the vote taken by ballot in the belief apparently that there might be some members of the Assembly who would vote against union if the fact could be concealed.

Rev. Dr. Alfred G. Gandier, Moderator, said the vote might be taken by secret ballot by unanimous consent. Otherwise the ordinary rule of the church must be observed, which provided that votes be taken by a show of hands, unless a demand was made for the calling of the roll, in which case the roll must be called and the custom of the church had been that the reply must be made by word of mouth.

Dr. Scott maintained that the roll might be called and that each commissioner might reply by deposition of ballot.

When this was refused by the Moderator, Dr. Scott appealed from the ruling of the chair and when the Moderator was sustained by the Assembly he read a protest which was so worded that Rev. Dr. C. W. Gordon, Winnipeg, entered a most earnest protest. Dr. Scott, he said, had reflected seriously on the honor of the Assembly.

**Amendment Rejected.**

Later Judge McKay, of Port Arthur, endeavored to get back into the Assembly an amendment to the main motion and to secure the opportunity to make a speech. The Moderator ruled that he was out of order, but Judge McKay persisted. He appealed from the ruling of the Moderator and the ruling was sustained.

Judge McKay still persisted and finally obtained permission to read his amendment.

When this was rejected, he moved that the main motion be laid on the table and this was defeated. The roll of the Assembly was then called, with the result indicated.

**Statement by those opposed.**

Immediately after the General Assembly had decided in favor of organic union on the basis of the proposed bills, a representative gathering of those opposed to such action met and issued the following statement:

"The General Assembly of 1923, without a mandate from the people, has by a majority of the commissioners voted to transfer the minister and members' property and trust funds of the Presbyterian Church into a new organization. Eminent counsel are of the opinion that this action of the Assembly is beyond the power of their constitution and illegal. In any event the Presbyterian Church is to continue in Canada. We count on all who value civil and religious freedom to stand fast in this hour of crisis."

"We heartily assure all who may be called on to make personal sacrifices for our church at home and abroad of our organized comradeship, encouragement and practical help."

"We send forth this declaration in solemn dependence on the gracious favor of Almighty God."

(Signed)  
"D. J. Fraser, Chairman."  
"J. W. McNamara, Secretary."

**Congregations to Unite.**

Leaders in the Assembly supporting union acted after the vote that the effect of the decision would be immediately felt. The great effect would be the union at once of a considerable number of congregations, especially in old Ontario. In the Presbytery of Lindsay, which has been strongly opposed to union, there were said to be five Presbyterian congregations which were ready to unite with five Methodist congregations.

tions and which had been waiting for the vote just cast by the Assembly majority. The same thing was true to some extent, it was stated, in almost every presbytery of the Province of Ontario. Co-operation would also become closer in every department of the church life and work, it was stated.

**In Committee.**

The legislation will be threshed out here in conference in committee and there seems to be a possibility that the difficulty may be solved without litigation.

**Church Council.**

The supreme court of the new church will be known as the Council. To this Council the Assembly will elect 150 members. A committee named by the present Assembly and will consider the manner in which these members of the Council will be named.

The date at which the General Council will hold its first meeting cannot be predicted. It will depend on developments, and especially on the date at which Federal and Provincial legislation can be obtained.

It is possible that all the legislation will be obtained at the sittings of Parliament and Legislatures next Winter. In this case actual union would not be long deferred.

## LORD AYLMER DIED IN KOOTENAY

Formerly Was Inspector-General  
of Canadian Forces

Nelson, B.C., June 12.—Major-General Lord Aylmer, former Inspector-General of the Canadian Forces, died last evening at his home at Queen's Bay, Kootenay Lake, in his eighty-second year.

The body will be buried in Nelson.

Right Hon. Matthew, Lord Aylmer, succeeded to the Irish baronetcy of Aylmer in 1901. He served with distinction in the Fenian Raids of 1866 and 1870, and was awarded the general service medal with two clasps.

Born in Richmond, Quebec, in 1842, he was educated at schools in Montreal and McGill University.

For many years past he had lived in the Kootenays.

## TRAIL SMELTER OVER LAST YEAR'S RECORD

Nelson, June 12.—With the figures for the first week in June—7,368 tons—Trail smelter passed the 200,000 ton mark in ore receipts for the current year, the exact figures being 200,258 tons. This is about a week ahead of last year's record, when on June 14, the figure was 202,396 tons.

## CHARGES AGAINST POLICE UNFOUNDED

Edmonton Force Acted Wisely  
in Quelling Disturbance,  
Says Judge

Edmonton, June 12.—Judgment handed down by Mr. Justice Walsh to the City Council last night in connection with the police investigation finished last week completely freed the city police of all the charges that were laid against them by the organized miners as a result of a strike disturbance at the Penn mine in the late afternoon of January 4 last. The charges were:

First—That the city police force, in dispersing the crowd, brutally clubbed women with clubs and other missiles, inflicting serious injuries.

Second—That Chief Constable Shute fired a number of shots.

Third—That the Chief of Police was intoxicated at the time.

A Total Abstainer.

The third charge was dropped by the complainants during the inquiry, when it was found that the Chief of Police was a total abstainer.

and if any injuries were received by any of the miners or wives of striking miners, the blame could only be placed upon themselves.

According to the evidence which was submitted at the investigation, a crowd of striking miners and women, numbering in all about 140, attempted to gain entrance to the Penn mine grounds on January 4 and secure the sympathy of the miners, who were working at the mine. Mounted police who were at the mine attempted to keep the mob from coming on the grounds, but were not entirely successful. Later their numbers were augmented by the city police force, who ordered the crowd to disperse, but this order was not complied with. The crowd, consisting of about 100 women and 50 men, with the women in the lead, continued to press forward, and in the melee that resulted a number of women and some of the men were injured as a result, the police contended, of being trampled under foot by their own number.

Acted With Judgment.

In concluding his report, Mr. Justice Walsh said:

"In my judgment, Chief Shute and his men and their associates of the Mounted Police, acted with good judgment and considerable moderation under circumstances of great provocation, in a serious situation which was fraught with much danger. The feeling over the strike was very tense. Acts of lawlessness were on the increase. A firm hand was needed to keep within bounds the growing tendency to defy the law. That firm hand was applied in this instance, but with no unnecessary harshness."

## CHURCH UNION.

Church Union in Canada is surely popular and we are not at all surprised at the result of yesterday's vote at Port Arthur. Even if such a process were not authorized by the general assembly of the Church there is nothing in the world that can stop the ultimate fusion of the Free Church people of this and other British countries. Whether it be in self-defence, or as the result of a more widespread recognition of similarity in object, the movement would eventually gain momentum by the initiative of the worshippers themselves. Popular action in the realm of the Church is no different from mass programmes in other walks of life. When the people move official ratification is only a question of time. Church Union in Manitoba is already a matter of history and the majority of the three denominations at present involved will welcome yesterday's vote at Port Arthur.

The Church has its pessimists and its mild reactionaries. Time was when an inter-denominational exchange of pulpits was looked upon as something akin to sacrilege. We recall the walls that went up among a section of the congregation over which the Rev. Thomas Phillips presided at Bloomsbury Central Church in London when its ultra-Baptist atmosphere was substituted by what he chose to term an institutional flavor. But it was a movement that the wide-visioned of his congregation considered would instill new life into the Church itself and expand its usefulness. It began in a small way. The Men's Meeting on a Sunday afternoon listened to addresses from well-known Anglicans; politicians mounted the pulpit steps and dealt with life from various angles; men with no religious allegiance, journalists, actors, artists, members of the judiciary; all these people were given free rein and the Church grew in popularity from the very nature of that variety and usefulness which gave it an ampler conception of life.

While the case in point is only slenderly related to the theory of Church Union as discussed at the Port Arthur gathering, the principle of co-ordinating ideas and movements is somewhat similar. The plain man will naturally ask why common endeavor towards an ultimate similar objective should be divided by even the friendliest of schisms. Church Union in the broadest possible sense—although the Lambeth resolutions went further than could have been considered possible five years ago—may not come in our day; but it goes without saying that human progress will not get that spiritual assistance and co-operation unless the Church shall conform to changing times and changing manners. Yesterday's decision amounts to the recognition of a fundamental need in this Dominion.

## TOO VALUABLE TO DISTURB.

Russia's reply to the latest British note has not been officially received by Lord Curzon to date; but it is already explained in authentic quarters that its terms are of such a conciliatory nature as to remove any prospect of trade relations being broken between the two countries.

In other words it looks as if Leonid Krassin has been able to persuade his colleagues at Moscow to review the numerous commercial and economic possibilities in which Russia might become involved were she to make it impossible for Britain to continue her present business arrangements. Even the more radical elements in the Soviet Administration must realize that Russian trade, while always desirable if it can be conducted upon proper lines, is not indispensable to Great Britain. John Bull never sits down to weep over a market that is lost; his policy is to find another with the utmost dispatch. But it is very important that Russia should preserve even the slender arrangement into which she has entered with the British Government. It is vital to her as long as she still hopes to do business with other countries that are not yet in the least inclined to have anything to do with her either politically or commercially.

Krassin is shrewd enough to know that if Britain and Russia can develop trade between one another there will exist an excellent lever to ease the situation between Russia and other nations. He knows that growth in commodity exchange between the two partners to the agreement is the thin end of the wedge for a more general commercial expansion and ultimate political recognition all round. And the life of the Moscow Government depends upon its ability to show progress. Progress demands trade and stable conditions.

## AT PETERSHAM TO-DAY.

To-day's visit to the grave of Captain George Vancouver in the little churchyard at Petersham must have afforded the members of the Vancouver Board of Trade a great deal of interest and pleasure. It was a happy circumstance that the First Lord of the Admiralty could make it convenient to accompany the party and show them the original chart and chronometer used by Captain Cook when Vancouver served under him as a midshipman.

The planting of seeds about the grave was a fitting climax to the pilgrimage and when British Columbians, especially those who look upon the City of Vancouver as their home, visit the Old Country one can well imagine that Petersham will be regarded as a more important point of the itinerary than it has been hitherto.

## LIQUOR IN ALBERTA.

It is not for us to advise the Province of Alberta upon its liquor referendum in any of its detail. But it is permitted to suggest that the resolution passed by the Press Association of that Province seems to deal with a very important phase of the forthcoming appeal to the electorate. Its terms are self-explanatory:

"Whereas this annual convention of the Alberta Press Association is persuaded that there is a sincere and widespread difference of opinion throughout the province as to the real effect of certain of the questions on the ballot of the forthcoming liquor referendum, and that this is bound to cause confusion and operate against a true expression of opinion, be it resolved that the Government of Alberta be respectfully requested to issue an official statement of its interpretation of the effect of each question on the ballot paper and in connection with each question a clear explanation of the kind of legislation it proposes to introduce in the Legislature in the event of such question being carried."

British Columbia realizes how very necessary it is for a question of this sort to be perfectly clear in the minds of the people. The Alberta Government does not require to be told that the liquor business in any form furnishes its own problems and creates a continual stream of trouble. Its complexities might be simplified, however, by following the course proposed by the Press Association.

## ADVERTISING VICTORIA CHEAPLY.

It is not always the complicated and cumbersome campaign that produces the best results. There is nothing like the direct appeal in plain and simple language. This is the essence of the newest move which the Victoria and Island Publicity Bureau has launched. The people of this community are asked to mail a card that tells its recipient some of the most salient facts about this favored spot. The Bureau has assumed the position of an information office and invites all and sundry to ask as many questions about this locality and its possibilities as may seem desirable and of interest. By following the method proposed a good deal may be accomplished without trouble and at a minimum of expense. There is no reason why this continual stream should not be kept flowing until practically every part of the world has been reached. We shall hope that Victorians, the private citizen and the busy man, will do their part and assist the Bureau.

## PLAIN TALK.

When the President of the Vancouver Board of Trade was in one of the Midland cities of Britain a few days ago he witnessed a red flag procession and noted the incident for future reference. Two days afterwards a luncheon ceremonial gave him an opportunity to let the people of the Old Country know that "we want no settlers of that kind sent to B. C." He followed this up with the right kind of an invitation to the prospective settler. Here it is:

If you're willing to work and carve out homes for yourselves B. C. furnishes the opportunity but not for those who want something handed them on a silver platter.

The more this idea is allowed to get into the minds of the man who is thinking about changing his place of abode the better should be the results obtainable. For, as we have said time and time again, the man who cannot stand plain facts, and understand that the gutters of the streets of Canada are not choked with dollar bills, should think twice before leaving his native land. But it would be an extraordinary thing if the idle worker in an industrial town, with no prospect of getting employment for some time to come, would not jump at the chance of carving a home for himself in this favored spot.

## NOTE AND COMMENT

Russia reserves to herself the right to receive full and entire satisfaction from Switzerland in connection with the assassination of the Soviet envoy Vorovsky. This comes well from the men who have authorized wholesale murder.

Of course Russia wants no break with Great Britain. The Soviet enthusiasts fulminate about the "capitalistic countries" and generally carry on about world revolution; but they are all indulging in various sorts of confessions that Bolshevism is not much better than a snare.

Strange things have happened at Troon. The holder of the United States Open and Professional golf championships has failed to qualify for the British Open, and the holder of the latter will have to win in last place play-offs to get into the qualifying circle. Meanwhile some of the old British "vets" are well to the fore.

Sir Henry Thornton seems to be unmoved by political indignation about the purchase of the system's quarters in Paris. His chief critics were adepts at paying away millions to their railway friends; but as soon as he comes along with a comparatively insignificant purchase in the interests of the road's management they send up screams of wrath to high Heaven. Meanwhile the President will find most of the people of the country behind him in his determination to turn the property into an object of pride.

## OUR CONTEMPORARIES

### LOAN AT YOUR RISK.

Toronto Globe:—The Lausanne conference is bogging over the Turkish debt. People who lend money to the Turks should take the risks, instead of demanding that their interests be protected by governments. European bondholders have played too large a part in European diplomacy.

### EFFECTS OF HIGH TARIFF.

Calgary Herald:—The Indianapolis News, which speaks authoritatively for one of the most productive agricultural states of the American Union, declares that congress did not benefit either livestock growers or the American public by putting a high tariff on cattle. The people in the United States, it adds, are paying a higher price for roasts and beefsteaks by at least 14 to 2 cents a pound—the amount of the duty—than they would otherwise pay.

## JOURNALISTS AT FUNERAL TO-DAY

Remains of Frank R. McNamara, Veteran Pressman, Laid at Rest

The funeral of the late Frank R. McNamara, of The Times' editorial staff, took place this morning. The service was held at St. Andrew's Cathedral, the officiating clergy being Rev. Father Silver and Mgr. Leterme.

The remains were taken from the B. C. Funeral Chapel at 9.30 o'clock, and received by the clergy at the eastern entrance. The mourners included Mr. Valentine McNamara, brother of the late Mr. McNamara, and Mr. J. W. McNamara, cousin, and Mrs. McNamara, and among those attending were B. C. Nicholas, editor of The Times, and Robert Dixon, managing editor of The Colonist. R. J. Hartley and James Morton, former newspaper colleagues of J. W. Wallis, for 20 years a friend of the late Mr. McNamara, and representatives of the editorial staffs of The Times and The Colonist, and of The Vancouver World. The pallbearers were: A. Jones, W. Patterson, R. C. Deary, and H. S. Graves, of The Times; G. E. Nelson, of The Colonist, and R. Russell Walker, Vancouver Province.

Some time flowers bore tribute to the respect in which Mr. McNamara was held by newspaper colleagues in this province, the wreaths including those from the Legislative Press Gallery, the B. C. Institute of Journalism, and The Times editorial staff.

Interment was made at Ross Bay cemetery.

## NEW BOOKS ARRIVE AT PUBLIC LIBRARY

Splendid Works By Noted Authors On Shelves, Helen Stewart Announces

Many new books have arrived at the Victoria Public Library, announced Miss Helen Stewart, chief librarian, to-day. Many of these are amongst the most popular works of the present day and are in great demand. Miss Stewart issued a list of books which she considers are the best of their kind at present on the shelves of the library.

The travel books are very popular and the authors of these have found the secret of how to please an exacting public. They have brought out books which are in every way perfect, both from the point of view of the reader who wishes to be amused and from that of the man who reads for study and enlightenment. Amongst the most important of these are the following: "Travels in Arabian Deserts," by C. Montagu Doughty, in two volumes; this is a classic in its line, says Miss Stewart; "Adventures in Bolivia," by Progers; "Life in a Medieval City," by Edwin Bacon. All of these books are masterpieces and their popularity points to the fact that they are interesting.

There are several new books of psychology, the first by V. M. Firth, entitled "The Machinery of the Mind"; the second by Wilfred L. Brierly, "The Mind's Unconscious"; the third by C. G. Jung, with the title "Psychology of the Unconscious"; and the fourth by Andre Fridon, entitled "Psycho-Analysis and Love." Another book of the same type is L. Lomax's "Experiences of an Asylum Doctor."

The first is a list of books on art: "Modern French Painting," by Jan Gordon; "Early English Water Colour Drawings," by Finberg; "Water Colors of C. J. Holmes," and "Modern Painting," by the Studio magazine; "Rossetti and His Circle," by Max Beerbohm, and "Systematic Drawing and Shading," by Ryan. A good list of general books also offered: "Through the Shadows with O. Henry," by Al Jennings; "Hind in Richmond Park," by W. H. Hudson; "Five Years' Hell in a Country Parish," by Synnot, a clergyman; "Our Short Story Writers," by B. C. Williams; "Gardening," and "The Laws of Hybridizing," by J. Diner; "The Dog Book," by Major H. Dawson, and "Motor Car Upholstery," by the Hurlst-Roger Co.

The following is the list of fiction, than which there have been few better in many years: "Men Like Gods," by H. G. Wells; "Long Journey," by Jensen; "Black Oxen," by G. Aitherton; "Old Forever," by Ollivant; "The Fascinating Stranger," by R. Tarkington; "Revolution," by Herford; "Kanga Creek," by H. Ellis; "The Day's Journey," and "Spinster of This Parish," both by W. B. Maxwell; "Babel," by J. Cournon; "Great Grandmother," by Hannay, or Birmingham; and "Pilgrim's Rest," by F. B. Young.

"Batouala," by Rene Maran, the noted French writer, is now on the library shelves. The translation of "Marie Chapdelaine," by L. Hemond is also in the library. This book may be procured in the translated or untranslated edition. The work is exceptionally fine.

## TUBERCULOUS VETERANS MET HERE LAST NIGHT

At a well attended meeting of the Tuberculous Veterans' Association held last night at the association's headquarters at the G.W.V.A., many matters of importance were dealt with, including a letter from the Victoria member, Hon. S. F. Tolmie, regarding his intention to assist in the matter of pensions. The branch decided unanimously to support the question of making a suitable donation to Comrade C. G. MacNeil for his splendid work in behalf of ex-service men and dependents.

A letter from the Dominion Secretary, E. S. Keeling, outlining the splendid co-operation which exists among the ex-service bodies in the province of Ontario during the celebration of a Provincial Veterans' Alliance, and in which he strongly advocates the necessity of similar action in the province of British Columbia, was also read with and received the approval of the members present.

The meeting expressed its appreciation in regard to the action of Mayor Hayward regarding employment of disabled men, and it was announced that the Mayor had already placed two of the members in suitable employment who were in receipt of insufficient pension.

A communication from the Florence Nightingale Chapter, L.O.E.D.,

was received, in which the ladies announced their keen desire to help make the Tuberculous Veterans' Association tag day, which will be held July 14, a complete success. The secretary, Comrade Cracknel, was instructed to assist in connection with a dance which will be conducted by the Equimatt Liberal Association in the Rex Theatre at 8 p.m. to-morrow in aid of the organization. The proceeds will be used as campaign funds to educate the people on the spread of tuberculosis. The next meeting will be held June 25 at 7.45 p.m. when important matters in connection with the Ralston recommendations will further be dealt with.

## WHIPPING POST FOR HOLD-UP MEN IS ADVOCATED

Buffalo, N.Y., June 12.—William A. Pinkerton advocates the whipping post and the pillory for house burglars and "stick-up" men and is against systems of parole and indeterminate sentences. He so stated in an informal address at a meeting of police chiefs here.

"No punishment could be too severe for them, or the dope peddlers," he said.

## LARKIN GROUP SEIZES DUBLIN LABOR OFFICES

Dublin, June 12.—James Larkin, the labor agitator, who some time ago was expelled from the United States, and his associates have seized the offices of the Irish Transport and General Workers' Union, according to a manifesto issued by the union.

## Human Race May Go Blind, But Hands Will Serve Us as Eyes

Chicago, June 12.—Two thousand years from to-day will man be seeing with his hands?

Will civilization advance to a point where it will destroy through disuse the normal faculties of sight and hearing and force watchful nature to come to the rescue and supply us with a sixth sense—what scientists now are calling a "compensating sense."

All this is suggested by experiments now under way by Professor Robert H. Gault, head of the department of psychology of Northwestern University here, who already has succeeded in transmitting spoken messages through the finer-tips of a subject whose ears were covered by sound-proof bandages.

Further weight is given to Gault's theories by Carl Bostrom, a Chicago youth who is totally blind. Bostrom is able perfectly to "see" his way about, depending entirely on the highly sensitized nerves in his cheeks, which enable him to detect trees, buildings and people with as

much accuracy as would normal eyes!

Bostrom's statements have been confirmed by rigorous scientific tests. In these phenomena, medical experts agree, lies the possibility of restoring synthetic sight to the blind and hearing to the deaf.

"We are on the threshold of a great discovery," Professor Gault says. "We are just starting to tap a great reservoir in man of heretofore unsuspected power."

"Nature has equipped the average human being with limitless compensating forces, which if once understood will enable the maimed and handicapped once more to resume their places as useful members of society."

"They will be given what might be called substitute organs to take the place of those of which they have been deprived."

"By that I do not mean that missing parts of the body can be forced to serve the purpose for which they were intended. I mean the sense of

touch will be developed to such a degree that its substitute uses will be manifold and its advantages beyond present power to describe."

"I am familiar with predictions of those who say our neurotic mode of living will rob us of sight as well as feet and other organs within a short space of time, due to over-use of some members and organs and non-use of others."

"Whether any such thing will happen I am willing neither to affirm nor deny. But if such deterioration does take place, nature will be at hand to compensate."

"We see this protection in the lower animal kingdom. "Fishes in the fathomless bottom of the sea, where night is ever present, have been equipped with lantern eyes."

"On all sides, as we see, the compensating force is at work. When it has been pinned down and turned into reconstructive channels, science will become an agency for reclamation—reclamation of human beings—as well as a preventive agency."

## Today in the Newspapers

Do you know why national advertisers are turning from other media to newspapers?

Do you know how these reasons relate to the present high cost of selling?

Do you know how advertisers are using new styles in illustration and art work?

Do you know how new commodities are being marketed with the aid of newspaper advertising?

Would you like to know about these things?

Drop a letter to the Bureau of Advertising, American Newspaper Publishers Association, 806 World Building, New York, and ask for a copy of the book, "Today in the Newspapers."

It is yours with the compliments of this newspaper and the other leading dailies of North America.

## WOMEN'S COUNCIL FAILS TO ENDORSE LIQUOR CLAUSE

But Individual Members Support Proposed Amendment to Temperance Act

Unable to take concerted action on the matter owing to that clause in the constitution which requires controversial matters to be referred to the affiliated societies, the Local Council of Women at its meeting yesterday afternoon, confined itself to discussion of a letter from the Attorney-General asking support of the amendment to the Canada Temperance Act passed by the Commons and slated to come before the Senate on Tuesday afternoon.

A number of the members, however, decided to act as individual citizens and signed the following telegram, which will be forwarded to the British Columbia senators:

"The amendment to the Canada Temperance Act as passed by the Commons is a measure to improve enforcement of the law of British Columbia, and as citizens of this Province, of varying political opinions, we beg to express our approval of the amendment to the Act and request support of your honorable body of the same."

The salient point in the letter from Hon. A. M. Manson read to the meeting by the president, Mrs. C. de V. Schofield, was the following:

"Personally, I extremely regret that there are a few to-day who do not agree with the legislation I am asking from Ottawa. I am afraid their reasons for not agreeing with me have really nothing to do with the merits of the question. The matter will come up in the Senate on Tuesday afternoon, June 12. I gather that the Senate would probably accede to the request to eliminate the export warehouses, but that there is a grave danger that they may not accede to the request to prevent a private individual importing liquor. So long as there is private importation by individuals there will be a temptation not only within the Province but there will be bootlegging out of the Province into prohibition territory."

Divergent opinions were expressed in the discussion, one group giving the prohibition party its full support to the Government in its liquor control. Another speaker expressed the view that the amendment to the Canada Temperance Act would be good in so far as it would throw the whole of the business of the liquor trade upon the Government and would give the Government a fair chance to justify its policy. The discussion culminated in the sending of the above telegram by individual members.

Miss Helen Stewart gave an interesting and erudite report of the recent conference of the National Council on Education touching upon the "high lights," as enunciated by leading educationists.

The Council learned with regret that Mrs. Lashley Hall had resigned as convener of the Mental Hygiene Committee owing to her departure for Trail, where she will in future reside. Mrs. H. H. Smith was asked to accept this convener'ship. Mrs. Shampney also sent in her resignation as convener of the suppression of objectionable literature committee owing to illness, much to the regret of the members.

At the opening of the meeting the members paid tribute to the memory of two outstanding members of the Local Council who had recently passed to their rest, Mrs. Margaret Jenkins and Mrs. A. E. McPhillips. Mrs. Gordon recalled Mrs. McPhillips' faithful work for the Children's Aid, and among the returned soldiers before ill-health curtailed her activities. Mrs. William Grant paid tribute to Mrs. Jenkins and her many years of service in the interests of the public well.

THE OLD COMPLAINT.  
Mrs. Gads—You thought nothing of buying me expensive flowers during our courtship.

Mr. Gads—Yes, I did, my dear. I thought a great deal about it, but I was such an empty-headed fool I bought them just the same.

You will be leaving shortly for your summer home. Don't go without giving us your change of address, as we can deliver The Times to any point on the Island. Phone 3345, and prompt attention will be given.

## GIFTED LECTURER

MRS. BARBOUR

of Los Angeles, will give a free lecture on "The Ministry of Art" this evening at the New Thought Temple. She is a brilliant musician and speaker and her lecture will be illustrated with numbers by Mrs. R. Baird, Mrs. A. J. Gibson, Miss Marjorie Broley, Messrs. Waddington and Drury Pryce.

Miss Lottie Bowron, President of the Kuntuks Club, will represent the organization at the meeting of the Federation of Business and Professional Women's Clubs to be held in Portland, Oregon, from July 9 to 15, according to the decision reached by the club at its monthly business meeting last night. The club will also send an exhibit advertising Victoria to the convention, to bring its beauties before the many delegates from all parts of the United States and Canada. Mrs. R. P. Matheson, Mrs. W. H. Sweeney and Mrs. H. P. Hodges were appointed a committee to prepare the exhibit.

The club decided to follow its custom of last year and hold evening meetings throughout the Summer in place of the fortnightly luncheon. Mrs. H. A. Williams generously invited the club to hold the first of its series of picnic meetings on Monday evening next at her residence, 29 George Road. Members will meet at the Tea-Kettle Inn, at 5:40 p. m., special transportation having been arranged. Miss Richardson will be the speaker for the evening and a musical programme will be given.

Miss Jessie Brown gave an interesting report of the progress made towards the operation of a juvenile court in Victoria, she having represented the club on the recent delegation to the Attorney-General.

The club paid tribute to the memory of Mrs. Margaret Jenkins as a pioneer in the women's cause, and the secretary was instructed to write a letter of sympathy to the bereaved family. The club will also send a letter of congratulation to Mrs. Lee, nee Ellen Exham, a former member, on the birth of a son.

Convicts Try Coue Chant  
As Short Cut to Freedom

Mrs. Mary Murphy  
Convicts in Auburn Prison are Counseling themselves  
A woman serving a sentence for murder started the Coue method of healing herself of a long illness by conscious auto-suggestion.  
And immediately some hard-boiled prisoners seized upon the idea—hoping that its reputed magic might dissolve their bars!

"Poor fellows, they have the wrong idea," says Mrs. Murphy, chief disciple of Coue in Auburn Prison. "Somebody heard me say I thought Couesism would show me a 'way out'—and they thought I meant a way out of jail."

Meanwhile the cell block over in the men's section vibrates with a nightly whisper:  
"Every day in every way I'm getting closer and closer."  
"To what?" asks a doubting pessimist.  
"To freedom, you poor boob!" says the optimist, blissfully ignorant of a twisted idea of Coue's health doctrine.

## Full, fresh fruity taste

Now you can make perfect-keeping, delicious jams and jellies with only one minute of boiling.

No fruit juice is boiled away, therefore Certo-made jams and jellies taste better—they cost less and keep perfectly. None of that long-cooked sugar tang that makes old-fashioned jams and jellies so strong.

Certo is pectin, the jelling element of fruit. Complete booklet of Recipes with every bottle.

If your grocer does not have Certo send his name and 40c and we will mail you a bottle. Write for revised Certo booklet of 73 recipes.

How to Make Red or Black Currant or Gooseberry Jam  
Crush well about 2 lbs. fruit. Measure 4 level cups (2 lbs.) crushed fruit into large kettle, add ¼ cup water, stir until boiling, cover kettle, and simmer fifteen minutes. Add 7½ level cups (3½ lbs.) sugar, and mix well. Use hottest fire, and stir constantly before and while boiling. Boil hard for one minute. Remove from fire, and stir in ¼ bottle (scant ½ cup) Certo. Skim and pour quickly.

GARDEN PARTY  
SEASON NOW IN FULL SWING HERE  
Many Delightful Affairs Planned for This Week

"Summer is a-cumen in!" One of the surest signs of the approach of Summer is the advent of the garden party season, and Victoria will have its full share of these delightful alfresco entertainments during the next few weeks. This city is fortunate in the possession of many beautiful gardens which make an ideal setting for out-door functions.

At "Gonzales."  
To-morrow afternoon the lovely old gardens of "Gonzales," St. Charles Street, will be opened to the public under the auspices of the Ladies' Guild for Sailors and through the kindness of Mr. and Mrs. F. B. Pemberton. The emerald lawns, brilliant flower-beds and stately old trees make this spot one of the most charming in the city, and patrons will be more than repaid for a visit. The Boys' Naval Brigade Band will give selections throughout the afternoon, and a musical programme will also be given under the direction of Miss Kate Hemming. There will be the usual stalls, while afternoon tea will be served under the direction of Mrs. R. R. Taylor, of the Women's Canadian Club.

Hatley Park.  
Hatley Park will also be opened to the public to-morrow afternoon in aid of the funds of the Florence Nightingale Chapter. Afternoon tea and ice-cream will be served by the members.

For St. Mary's Guild.  
On Thursday afternoon Mrs. Alex. Montisambert is throwing open the charming garden at her residence, 1715 Rockland Avenue, for a garden party under the auspices of St. Mary's Guild. Tea will be served and there will be stalls filled with home cooking, linen, fancy work and delicious candy, and a large attendance is anticipated.

Saturday's Fete.  
Mrs. W. J. Bowser is lending the lovely gardens at "Buncrana," Terraces Avenue, for a garden fete on Saturday afternoon. The proceeds will aid the Margaret-Rocke Robertson Chapter, I.O.G.E., in its work. There will be numerous attractions additional to that offered by the gardens themselves, and the stalls will be replete with charming wares fashioned by the girl members. The affair will be opened at 3 o'clock by Mrs. H. P. Hodges, acting regent of the Municipal Chapter.

Six thousand miles for two scenes! That is the journey Jack Pickford took in connection with the filming of "Garrison's Finish," a screen version of F. M. Ferguson's famous race-track novel made by Mary Pickford's brother and which is now showing at the Dominion Theatre. Jack, accompanied by his director, Arthur Rosson, and a camera man left Los Angeles for Louisville where they made scenes at the Kentucky Derby, after which they went on to the Belmont track, near New York, and photographed the Metropolitan Handicap. These are the two most famous races in America and Jack was anxious to incorporate at least one scene of each, featuring all the vivid color of the track, in the new production. Elmer Harris supervised this production and Mary Pickford aided with the editing and titling, and acted in an advisory capacity during the course of production.

## CAPITOL

A photoplay which fans should not overlook is being screened at the Capitol Theatre to-night. It is a highly diverting comedy of married life, with a sub-stratum of drama, written by Peter B. Kyne and produced by Goldwyn Pictures Corporation under the able direction of E. Mason Hopper, called "Brothers Under the Skin."

The two men whose sub-cutaneous brotherhood is made manifest in the film are Craddock, a humble shipping clerk in a New York plumbing business and Kirtland, the vice-president

and manager of the firm. Both are having trouble with their wives and for very similar causes. Milly, the shipping clerk's wife, believes in sharing her husband's joys but not his troubles. She lets him tiptoe about getting his own breakfast so as not to wake her from her "beauty sleep." She is a victim of the installment plan vice and buys more things than her husband's \$30 a week can pay for.

The vice-president's wife, Dorothy, must also have her beauty sleep in the mornings while her husband breakfasts and hurries off to business. She brings him close to bankruptcy by filling in a blank check which she has cashed out of him by buying a \$3,000 fur coat. The shipping clerk is given \$5 to deliver a note to Kirtland and while there oversees a lesson in wife-taming (given a happy ending by his hidden presence in the apartment) and goes home to try the same cave-man stuff on Milly. It works with her just as it did with her wealthy sister-under-the-skin and the two husbands face a new life with helping, loving wives who prove their love by presenting their husbands with children.

Director Hopper was given a magnificent cast in the person of Helene Chadwick and Pat O'Malley as the poor couple, Claire Windsor and Norman Kerry as the wealthy couple, and Mae Busch as a divorcee. They give the picture a verve and veracious vividness which puts "Brothers Under the Skin" in the class of first-rate screen entertainment which "fans" should not miss.

## COLUMBIA

"The Last Moment," the J. Parker Read Jr. production which is being presented by Goldwyn at the Columbia Theatre, certainly lived up to all advance notices as being a genuine thriller. Of course there was splendid acting throughout the entire picture, for with three stars in Broadway stage success appearing in the principal roles this was to be expected.

Louis Wolheim, who acted the title role in Eugene O'Neill's "Hair Ape," gave a realistic portrayal of the brutal sea captain who enforces respect

## NEWS IN BRIEF

Ward Three Liberal Association will meet in the headquarters to-night at 8 o'clock when a full attendance is requested.

In connection with the Hatley Park fete to-morrow automobiles will leave during the afternoon from the corner of Fort and Douglas Streets.

Mrs. Carveth reports to the city police the return of her twelve-year-old son Teddy, who has been missing from home for the last three days none the worse for his experience.

No dirty milk was discovered by city sanitary officials in their milk inspections in May, according to the last monthly report of City Health Officer Dr. A. G. Price.

A B.C.E.R. interurban car collided early this morning with one of T. Morgan's wood trucks crossing the Douglas Street track between Chatham and Herald Streets. Both the car and truck were damaged.

The Esquimalt municipality was the scene of a small grass fire which broke out at the corner of Esquimalt and Macaulay Roads at 1.30 this afternoon. The new engine responded.

Guarantees money advanced by local merchants to cover Maytime Frolic expenses will be returned, it was announced yesterday. There will be a surplus of between \$100 and \$1,000 on the Frolic, it is expected.

Capt. Edwin L. Judd, 16th Lancers, who retired from the Indian army recently, and was on his way to visit his parents in this city, has remained at Esquimalt, where he accepted an appointment with the well-known firm of Brunner Mond, Ltd., China.

The Sir James Douglas Parent-Teacher Association will meet at the school at 8 p.m. to-night, when important business will be discussed, including the presentation of the financial report and suggestions received for the year's activities.

The Ladies Aid of James Bay for the Port Missionary Fund begs to thank all those friends who furnished the fund, and those who made purchases on Saturday last, also to David Spencer, Ltd., for the permission to hold the stall. Receipts amounted to \$25.70.

The City Council last night passed a standing vote of condolence to the widow of the late W. P. Sankey, city poundkeeper, and voted her sum equal to her late husband's salary for three months. Aldermen declared that Mr. Sankey was an excellent servant.

The Provincial and City Police have been asked to aid in the search for Steven Barkley, aged sixteen years, son of Mr. and Mrs. S. W. Barkley, 1221 Oxford Street. Saturday he left a note to his parents stating he was going on a camping trip without giving his destination. He took his bicycle with him. At Sidney he was stopped by the immigration authorities attempting to board the Anacortes ferry. Provincial police have traced him as far as Lake Hill, where he was seen Sunday night.

The band concerts arranged by the park committee of the city, called by the Retail Merchants' Association, but to which all retailers are invited, has been set for 4 o'clock on Thursday afternoon at the Dominion Hotel. The object is to make arrangements for Dollar Day and to discuss other matters.

Miss Elderly: "The insulting wretch! He asked me if I remembered the dreadfully cold winter of 1889—think of it!"

Miss Keen: "Oh, I'm sure he didn't mean to offend you, dear. He probably didn't know what a bad memory you have."

The Marchioness of Sligo, who has been a guest at Government House for the past week, paid a visit to the Red Cross Worksdays a few days ago in company with Mrs. Walter C. Nichol. The Marchioness showed the keenest interest in every branch of the work and chatted with the ladies who took away evidence of their visit in the shape of several purchases, including Thermos carriers and other articles fashioned by the disabled men.

Relatives and friends of the late Francis William Buck, who lost his life when a launch hawser pulled him overboard at Esquimalt Harbor on Thursday evening last, desire to thank Tarrons Ltd., Esquimalt, and Divers Louis de Costa and Joseph Knight, whose united efforts were successful in finding the remains after four days of search. The body of the victim of the tragedy was recovered eventually by means of fish hooks which caught in the clothing, when the remains had been found under the water. An inquest will be held under the auspices of the Provincial Police to-morrow at the B. C. Funeral Parlor, at 11 o'clock.

In a judgment handed down in the Supreme Court to-day, Justice D. A. McDonald dismissed the action in the hearing of Goss vs. McNaughton. Plaintiff's claim was for a declaration of title to lands at Port Alberni said to have been given in security for loan made to a third party, Rowley, now dead. The land came up for sale and plaintiff sued the defendant as trustee of the estate. It is a judgment to-day Mr. Justice McDonald finds there was no conveyance to pay taxes on the land in question, and dismisses the action with costs following the event. D. S. Tait and H. W. Davey appeared for the plaintiff, and H. B. Robertson, K. C., for the defendant.

In the meantime, Mayor announced that the Council's consideration, new regulations governing the work of the controller and the treasurer so as to remove long-standing confusion of their duties. "It doesn't matter what we call these officials so long as their powers are clearly defined. Up to now, however, their duties have been confused. When we have decided the work of the officials then we can make appointments. The whole question will come up again on Monday night."

"I regret keenly that Alderman Leeming intends to resign and I have done everything in my power to dissuade him. But he is determined to go. The city's financial affairs to-day stand at a crossroads. It is apparent to everyone, and great credit is due to him for the work he has done so far this year. It will be extremely difficult to replace him, but if he files his resignation as I stick to the determination it will be accepted and a new chairman appointed."

City officials were to-day as undecided as the residents of this city. The Council's refusal last night to appoint a controller, it was learned that City Treasurer Smith, who has been doing much of the financial work, wants to know just where he stands. Since Mr. Raymer's death he has had charge of city finances, bonds and important financial matters generally, but he has not been given any added powers by the Council. Mr. Muirhead actually is acting comptroller.

The plan of Alderman Sangster's majority, it was explained to-day, is to keep Mr. Smith as treasurer and Mr. Muirhead as comptroller. Mr. Smith, however, would be the recognized head of the finance department and his salary would be raised accordingly. He would advise the Council and have a share of financial operations. The comptroller's position would be less important than formerly, and the new comptroller would be really a chief accountant.

## HATLEY PARK FETE

Motorists who are contemplating a visit to Hatley Park to-morrow afternoon when the lovely gardens will be open to the public under the auspices of the Victoria Kiwanian Chapter, I. O. O. E., are requested to note that entrance should be made by the Colwood gate and the departure by way of Belmont. Cameron and Caldwell is arranging a series of trolley's leaving the stand on Government Street at intervals throughout the afternoon.

## Marriage Drop In Busy Season Here Puzzles Officials

For some unknown reason a serious falling-off in marriages occurred here in May, according to figures issued at the City Hall to-day. Only seventeen weddings took place as against 33 in April, 19 in March, 25 in February and 27 in January. This is very strange, according to City Hall experts, because the Spring marriage rush usually appears in May and reaches its peak in June.

Council members were concerned to-day over the drop in marriage figures and also by the announcement that births had likewise declined. Only 11 native-born Victorians arrived last month. This was a drop from 72 in April, 58 in March, 43 in February and 54 in January.

On the other hand, deaths in May numbered only 37 as compared with 42 in April, 46 in March, 36 in February and 48 in January.

## LEEMING QUILTS; CITY HALL FACES SERIOUS CRISIS

A long time last night to retain his position and prevent the financial administration falling into confusion. The Mayor got into touch with Alderman Leeming again to-day and asked him to delay any action.

In spite of the Mayor's protests and those of other Council members, Alderman Leeming wrote out his resignation this morning and posted it at noon. It will not be recalled that the Mayor's resignation, which he had intended to submit to the Council, is definitely settled. Alderman Leeming stated this morning as he commenced to draft his resignation. "The Council has not only refused to accept my resignation, but has recommended that I should take the whole thing into its own hands, has taken action which the Committee believes is erroneous in authorizing the appointment of clerks to help the present financial officials when a financial head, not clerks, is needed."

Refuses to Stay.

"Under these circumstances it is impossible for me to remain at the head of the Finance Committee. The present moment is one of the most critical in the city's history. The Council has a chance to-day to put the city on a business basis for the next fifteen or twenty years and to prevent a recurrence of the gross errors of the past. Instead of that it turns down my recommendation and leaves the situation absolutely unsettled."

Citizens Demand Action.

"The citizens of the city to-day are looking to the Council to take hold of the situation, put a competent financial head in charge and get down to business. Instead of that, nothing is done. This creates a very unstable condition of affairs and I cannot remain at the head of the Finance Committee under these circumstances when the Council will not adopt any of my recommendations for a solution of our difficulties. I feel that if the Council has no confidence in the Finance Committee, they have investigated the whole situation and understands it, then it is time for me to resign. So far as I know the aldermen who have voted down all my proposals have not familiarized themselves with the financial workings of the city."

Opportunity Here Now.

"Every business man in this city is anxious to see the city's affairs put on a solid basis now with a competent head. Both ladies took away evidence of their visit in the shape of several purchases, including Thermos carriers and other articles fashioned by the disabled men."

Mayor Defining Powers.

"In the meantime, Mayor announced that the Council's consideration, new regulations governing the work of the controller and the treasurer so as to remove long-standing confusion of their duties. "It doesn't matter what we call these officials so long as their powers are clearly defined. Up to now, however, their duties have been confused. When we have decided the work of the officials then we can make appointments. The whole question will come up again on Monday night."

Regrets Resignation.

"I regret keenly that Alderman Leeming intends to resign and I have done everything in my power to dissuade him. But he is determined to go. The city's financial affairs to-day stand at a crossroads. It is apparent to everyone, and great credit is due to him for the work he has done so far this year. It will be extremely difficult to replace him, but if he files his resignation as I stick to the determination it will be accepted and a new chairman appointed."

The comptroller's position would be less important than formerly, and the new comptroller would be really a chief accountant.

So far as I am concerned, the matter is settled. Alderman Sangster said to-day. "If the present officials do not make good by the end of the year then we can make a change."

At that time, half an hour or more after they had examined the two boats the Ark came in evidently from Smugglers Cove.

Constable on Guard.

A member of the Royal Canadian Mounted Police force was stationed on the bow of the Winemac with a rifle to prevent the escape of any boats. The patrol flew the ensign of the Government boat.

Cross examined, he said the American boats had no whiskey aboard. Their offence was being in a non-port of entry. It was a combination of officers to raid Douglas and Chatham Islands on the suspected boats.

George E. Norris, special Customs officer, was on board the Winemac, which proceeded from Victoria to Chatham. He left the Winemac and proceeded to the U.S. boat K-408, who claimed to be in port with engine trouble. They had no cargo. Then he proceeded to the float and examined the U.S. speed boat M-718, who gave no reasons for being there.

Found Three Guns.

He found three guns, a Winchester 25 rifle, one Smith and Wesson and a German automatic pistol. He could not say if they were loaded. There was no other cargo. He then went back to float and met defendant Fuhler, and asked him who was in charge of the Cicerone and he stated he was.

He went aboard the Cicerone and there was no one on board. He saw a quantity of liquor piled fore and aft and in the cabin. He also saw three life-rafts, two of which were empty. After examining the Cicerone he stayed on the float until the Ark came in, with among others Constable Owen, Provincial Police force, who took charge of the Cicerone's cargo. Part was transhipped to the Ark as she was so close to the float and the other was towed by the Ark to Oak Bay.

## STORY OF LIQUOR RAID IS TOLD IN POLICE COURT

(Continued from page 1.)

At that time, half an hour or more after they had examined the two boats the Ark came in evidently from Smugglers Cove.

Part was transhipped to the Ark as she was so close to the float and the other was towed by the Ark to Oak Bay.

Boarded Cicerone.

Special Officer J. Barton, Vancouver, told of going to Chatham Island in the Ark. He went to the float and saw the Cicerone, a U.S. speed boat, in charge of the Cicerone and questioned about the cargo he said he had seen on board. He had no documents and on search he found export entry documents which had not passed through the Customs.

He said he received instructions by telephone to deliver a certain quantity to American boats and he went outside Canadian waters to meet the U.S. boat. He said he saw an account of the Cicerone's cargo, that he believed there were 90 cases of beer and 90 cases of whiskey. The original cargo was 120 barrels of beer and 125 cases of whiskey, part of which had been transhipped.

Transferring Packages.

Corporal H. Harvey, of the Royal Canadian Mounted Police, told of proceeding from Esquimalt Harbor to Chatham Island on the Ark. He went to the float and saw the Cicerone and the U.S. speed boat M-718. He met Constable Owen on the Cicerone. He stayed beside the M-718 on the float but did not go aboard. He saw the Cicerone transferring packages to a boat, the name of which he could not discern at the time. The Cicerone was on the north side of the float and the M-718 U.S. speed boat on the south side of the float, both tied to the float. A couple of men transferred from the Cicerone to the M-718 and afterwards transferred it back.

Constable Albert Kruger of the Royal Canadian Mounted Police corroborated Corporal Harvey's evidence. The case is proceeding.

## KIWANIANS HEAR OF CANADA'S PROBLEMS

W. E. Walsh Tells Club Canada Needs Immigrants

"It is pathetic and sad that we are but a training school for the future citizens of the United States," was the statement made to-day by W. E. Walsh, speaker at the Kiwanian luncheon at the Dominion Hotel. He chose for his subject "Canada's Problems," a matter with which he is as familiar as most men in this country, and his address was primarily to urge the people of Canada to pay more attention to those matters which vitally affect the Dominion as a whole, and the great Empire of which she forms a part.

Following out the idea that Canada is a training school for the citizens of the United States, the speaker explained that young Canadians were taught in the nation's schools, and imbued with the country's national ideals, and then proceeded to the country to the south of the boundary line and made themselves American citizens. As an example of the fact, the speaker pointed out that 60,000 people left Quebec alone for the United States there to make their homes, at least temporarily and many for an indefinite period.

What Canada needs more than anything else is immigration from Europe, the speaker stated. In the earlier years of the present century Sir Wilfrid Laurier started the campaign which brought many immigrants to Canada. This same method might well be adopted now. It is European immigrants which are responsible for the development of Canada. They are used to severe conditions in their homes in the different countries of Europe and they add Canada a veritable paradise, the speaker explained.

The speaker further urged that the English-speaking people of the world should form a grand union.

Mr. Walsh is a native of Canada and a traveler and author of note. He was born in Eastern Canada and for many years lived in Montreal. He has more recently made his home in Victoria. President Kenneth Ferguson assured W. E. Walsh of the club's hearty good wishes towards all projects which would tend to make Canada a greater nation, and assured him of their whole-hearted support and aid in the endeavor.

The members of the Kiwanians were reminded of the ball at the Armories, Friday, June 22, and were told that this was a very important affair to their object being to gain funds for the furthering of the plans of the city in regard to the Summer band concert. The affair will be attended by many and the Musicians' Union is giving its services for the proceedings free of charge.

Five volunteers were called for to carry the children of the orphanage to service Sunday at the Reformed Episcopal Church. These were immediately secured.

Instead of the usual Tuesday luncheon the Kiwanians will meet at an informal supper and dance at the Chatham Hotel, commencing next Tuesday, together with their wives and friends.

The charter presentation to the newly formed Kiwanis Club of Nanaimo will be on Thursday evening next. Members of the local organization and of the Vancouver Club will leave here in the afternoon of that day, from the Dominion Hotel at 3.30 p.m. Members were also recalled to the International Kiwanis picnic at Bellingham, July 12.

Mrs. J. A. MacDonald rendered two services. Her vocal numbers were greatly appreciated. She was accompanied by Cecil Heaton.

## ELECTION ECHOES.

Opening up in the County Court to-day, C. K. Christian, former farmer-soldier, also candidate in the Provincial elections in December, 1920, seeks to recover approximately \$350 said to be out of pocket expenses in the campaign which, claims the plaintiff, was guaranteed by the Grand Army of United Veterans, defendants. E. L. Tait appears for the plaintiff, and R. C. Lowe for the defendants.

On the stand this morning, Mr. Christian told of the financial arrangements under which he consented to allow his name to be put forward for nomination in the Provincial elections. He was to be reimbursed for his out of pocket expenses, he held, consequent to his candidature for office. Mr. Christian was defeated in the election which followed. The hearing continues.

## L. R. STEEL REAL ESTATE IS SOLD BY TRUSTEE

Toronto, June 12.—Some progress has been made in the sale of L. R. Steel assets in Canada. G. T. Clark, son, receiver and trustee, has disposed of three parcels of real estate, including the store premises in Vancouver, for about \$300,000.

The continuation of the retail business is a matter to be decided at the end of the month. The stores are understood to be paying.

## BIG TRAIN SHED IN PHILADELPHIA WAS DESTROYED

Philadelphia, June 12.—The lofty arched glass-covered train shed of the Pennsylvania Railroad's Broad Street station lies in its own ashes, the result of a spectacular fire yesterday. The tangled mass of steel and iron, above which stands the skeleton-like framework of the train shed, was isolated from the main arteries of traffic.

With the general re-routing of trains, the shed Philadelphia station began to function as a transfer point here for the Pennsylvania system, except for through trains. These stopped at the North Philadelphia station.

## Better Baseball Is Assured by Change

No More Saturday Ball Games In Amateur League Owing to Teams Finding It Hard to Field Full Teams; Games on Tuesdays and Thursdays Hereafter; Eagles and Automotives Will Play To-night; Wednesday League Game To-morrow

At a meeting of the executive of the Victoria Amateur Baseball League held last week it was decided that owing to the difficulties experienced by the various clubs in fielding their strongest teams for the Saturday games that these games be transferred to Thursday evening. During past seasons all clubs have found it practically impossible to muster all their players for the Saturday games and in consequence the ball has not been up to the standard that it might have been had all the players been available to participate in the afternoon battles.

In taking this course the executive feels that the fans will receive the best possible ball and that all clubs will be on an even footing in so far as fielding their strongest lineups is concerned. Saturday afternoons will be reserved for exhibition games with outside teams and these exhibitions will be played as often as the necessary arrangements can be made. The fans may therefore look forward to seeing some interesting ball during the balance of the season and the race for the senior championship should soon develop into a three-team battle instead of two as at present.

Ray Parfitt, pitching ace of the Automotives will try once more to put his team in the race for the championship of the Victoria Amateur Baseball League. He has turned in some very nice games but he has never been lucky enough to win. This evening, however, he will stack up against the Eagles at the Stadium and if his whip is properly handled he stands a fair chance of earning a well-deserved reward. The game will start promptly at 8:30 p.m.

If the Eagles win they will be well away in the race for the championship. Alex Potts, skipper of the feathered flock, is anxious to win this game and he will not decide on his pitcher until shortly before the game. "Red" McDonald, Kerr and Noble are all ready to go and can be depended upon for a nice game.

**Grave For a Win.**  
The Automotives are keen to start winning and if they will hit and field behind the firing of Parfitt they may succeed in their effort. A loss for the motormen to-night will rob them of their last chance of being in at the finish of the race. The Eagles are fighting mad and do not intend to leave any holes through which the Automotives might slip to victory.

With both teams on edge the game should be close all the way and provide plenty of excitement.

To-morrow afternoon the Wednesday Baseball League will stage a game at the Stadium between the Hudson's Bay and the Victoria. The Hudson's Bay will meet at 3:30 o'clock to settle who is to remain in second place in the league. The game is arousing much interest and each manager is claiming a victory. A meeting of the Wednesday Baseball League will be held to-night at 8 o'clock at the Y. M. C. A. Delegates from all clubs are requested to attend.

## Sarazen Advises Against Standing Straight for Putting

Lesson 31  
BY GENE SARAZEN  
World's Champion Golfer.

In the picture at the left I endeavor to show the improper way of putting. You will note in photo at right—the correct way—that I address the ball off the left heel and that I stand well over the ball. In the "incorrect" picture I am addressing the ball more off the right foot. Also I am standing a little too straight. My weight here is evenly balanced on both feet, which allows the body to sway. I believe in having all the weight on the left foot in putting so as to preclude body sway.

Now in taking the club back for putting, it is always best to bring it along a level of the ground and not more than two inches above. You will see that in the picture at the left I have raised the clubhead some four inches above the ground and that I am about to strike the ball on a downward swing, not with a level or horizontal stroke.

In putting, the hands and wrists do most of the work, with the right hand acting as the directing spirit. (Copyright 1922, by Gene Sarazen)

#### THE LACROSSE TROUBLE

The Sporting Editor.—The use of public attention to the lacrosse situation in Victoria from the viewpoint of a supporter. That this situation is serious is evidenced by the lack of interest on the part of former ardent lovers of the sport and the poor attendance at the games. The reasons are suggested as follows:

1. The method of playing the game has degenerated all over. Look at the antics of the point men with their checks, neither having the ball, engaging in a mixture of cross-checks, wrestling and slashing, in favor with a certain class, perhaps, but killing the game in the eyes of those supporters who come to enjoy the fine points of lacrosse. This can only be overcome by a referees' association insisting on a stricter interpretation of the rules of interference and body checking.

2. Lack of proper physical condition on the part of some of the players is very evident. On one Saturday in the instance of the Victoria team, the players were in holding out positions on the senior and representative teams as an incentive to the youth of the city who are seen to be faithful to the training that the proper playing of the game demands. It would be a good bet that a picked aggregation of high school boys, well trained for one season, could outplay our present team if the butchering tactics were eliminated.

It is to some of the members of the representative team who have sacrificed their business and professional time that we owe the present existence of the game in Victoria, and it is to these men that we must appeal for further assistance in putting the game on a higher footing.

What sport can better develop the boy to the man than our great national game with its requirements of physical and mental efficiency? But it is the mother of the games lately, going to encourage the boy in the sport? Not likely.

It is to lacrosse supporters who appreciate the real game to assert themselves now. A SUPPORTER

**WANTS CRICKET IMPROVED**  
The Sporting Editor.—I am trying to get your ear, as I do not know any other way of reaching the ears of the present cricket authorities in Victoria.

I love cricket, but I am afraid it is in danger of death from natural causes in Victoria if something is not done to revive interest in the game. The reason of the danger is apparent: Two teams are far too strong for the others in the league. I have seen all the teams in action this season and there has not been one match at the Jubilee grounds yet—perhaps only one in Victoria this season? This is a very bad for any game. Several young players were heard to say the other Saturday, "I'm sick of this." These boys will go to tennis or baseball and cricket will lose them.

What is the remedy? Criticism is not worth much if only destructive. I think there are two or three things that might be tried; others will have suggestions; here are mine:

1. A grouping of teams according to the district in which they live. Take the country—north, south, east and west. If all cricketers live in

the west end this scheme will be no good.

2. A grouping on an age basis with a cup for the winners—under twenty versus all over forty-five, twenty to thirty versus all between thirty and forty-five; final between the two winning teams. If I am any judge of ages we should see some good cricket between these teams.

3. If the new system is introduced, then one Saturday in the month all league teams have a bye instead of the present very unsatisfactory method, when it is hard to know who is playing. On this day the four teams be chosen by the league officials, one match played at University School and the other at the Jubilee Hospital grounds. This would produce two good matches and be a splendid guide for the committee in selecting a team to meet Vancouver. Somebody suggest something better.

**YEAGER LANDS K. O.**  
Portland, Ore., June 12.—Nig Yeager, Portland heavyweight, scored a knockout over Joe Martinson, of Cle-Elum, Wash., in the second round of their scheduled ten-round bout here last night. In the other ten-round go Billy Maccott, Portland, took a decision over Chuck Hellman, another local bantamweight.

## Yankees Are Worried Over Many Reverses

Cleveland Takes Two Out of Three From New York; Chicago Moving Up

New York, June 12.—A cold chill is running up and down the spines of followers of the New York Yankees, who to-day stand only four games ahead of the Philadelphia Athletics. Yesterday the Cleveland Indians, by winning 4 to 3, made it two-out of three from the Yankees.

The Chicago White Sox, making motions of going somewhere, beat Boston yesterday 5-1.

Also going somewhere are the Chicago Cubs, who made it four straight from Boston, 10-3.

All other games in the majors were postponed yesterday because of bad weather.

**Reuther's Price Too High.**  
St. Louis, Mo., June 12.—Dutch Reuther, southpaw pitcher for the Brooklyn Nationals, will not become a member of the local Nationals, as had been reported. Manager Riskey said to-day, as he believed the price asked for Reuther too high.

**Cleveland Loses Star.**  
Cleveland, June 12.—Frank Brower, first baseman for the Indians, will be out of the game for at least two weeks as a result of a broken shin bone suffered in Sunday's game in sliding into home plate.

Yesterday's baseball games resulted as follows:

**PINKEY MITCHELL IS WILLING TO MEET BEN.**  
Milwaukee, June 12.—Pinkey Mitchell, Milwaukee junior welterweight champion boxer, is willing to box without remuneration at a benefit for the West Side Boys' Club, Chicago, providing Benny Leonard, lightweight champion, is his opponent.

This announcement was made yesterday following Leonard's recent offer to engage in a similar capacity.

**YANKEES SIGNS THREE YOUNG COLLEGE STARS**  
New York, June 12.—The New York Yankees to-day announced the acquisition of three college stars, Mike Gaxella, captain and shortstop of Lafayette; Lou Gehrig, pitcher and first baseman of Columbia, and Ed Vanderbeck, catcher of Fordham.

**CRICKET BODY DEALS WITH MUCH BUSINESS**  
At the meeting of the Victoria and District Cricket Association held last evening considerable general business was transacted.

Sergt.-Major Stevens was elected on the committee in place of Mr. Montgomery, who has resigned owing to pressure of business.

F. C. Sealey will act as sub-secretary for Victoria in the British Columbia Cricket Association. He will receive membership fees of one dollar each from anyone willing to subscribe.

The four members of the local board of the association to work with E. Parsons and F. C. Sealey, ex-officio members, were chosen as follows: Captain Coley, H. W. Edwards, P. A. Sparks, and Sergt.-Major Watson.

The following conditions were arranged for the awarding of the fielding prize presented by A. Booth, the captain of each team playing in league matches will be required to choose the best three fielders of the opposing team and award them three, two and one points in order of merit.

This fielding prize will be the number of these points at the end of the season will be awarded the prize. The points will be given starting from last Saturday's match.

It was arranged to play the match between Victoria and the Five C's, postponed from last Saturday, on September 8. Clubs were informed that in future they must live up to the rules of the League in the matter of postponing matches.

**HAGEN NO LONGER DECIDED FAVORITE IN GOLF TOURNEY**

## CRICQUI WILL BOX IN CANADIAN CITIES

New York, June 12.—Eugene Cricqui, of France, new world's lightweight boxing champion, will give ring exhibitions in several Canadian cities, it is announced. His tour has not been completed, but it will begin Montreal, June 25, and include visits to Quebec and Toronto.

## HUNTERS DISCUSS TENTATIVE DATES

**Satisfaction General That "Does" Are Still On Protected List**

The tentative dates for the open hunting season are the subject of general discussion among sportsmen to-day. Satisfaction is general that does have been put on the protected list. The impression is that elk, or wapiti, could be shot on Vancouver Island has gained considerable force, but such is not the case.

Game board officials say that no elk may be killed on this island is concerned. Excellent herd of elk have been seen recently at Shaw Creek, Cowichan Lake, and the protection afforded to them is bearing results, it is stated.

Some sportsmen are disappointed at the lateness of the blue grouse season, holding that it is untimely to a closed season for these birds. Others complain that the deer season, bucks only, comes in too late and last too long. Deer are unfit for eating after a certain time of the year it is held.

In general the provisions for the hunting season are being received with the common divergence of opinion that is common to a large body of hunters.

**Shelby Promoters Have Hundred Thousand Dollars in Bank; Jack Fishing**

Great Falls, Mont., June 12.—The second \$100,000 of the \$300,000 fund guaranteed by Jack Dempsey for his appearance July 4 in his title bout against Tommy Gibbons at Shelby, is in the bank and will be paid to the champion before training for his fight.

Mayor James A. Johnson, of Shelby, treasurer of the fight, announced here last night.

Helena, Mont., June 12.—State officials stated to-day that promoters of the Dempsey-Gibbons championship fight, July 4, and enforcement officers had sought information relative to the use of a portion of the Montana National Guard to maintain law and order at Shelby during the week of the fight.

Unofficially it was said two companies which are to train for Camp Lewis, Wash., soon for their summer training. The unit opened officers had sought information relative to the use of a portion of the Montana National Guard to maintain law and order at Shelby during the week of the fight.

## Ring Experts Can Show Off Their Ability

**Bix Boxing and Wrestling Tournament at Naval Barracks On July 11**

Any husky chaps around town, or in the country as far as that goes, who think they have a wallop in their mittens that would floor a giraffe, or a headlock that would make a bull grunter as advised to start on their road to the world's championships by entering in the boxing and wrestling bouts to be staged at the Naval Barracks, Esquimalt, on July 11. The proceeds of this tournament are to be devoted to the Sailors' Club of Esquimalt.

Harry Pooler, M.P., who is greatly interested in anything pertaining to the welfare of Esquimalt, has associated himself with the tournament and is doing a great deal to help make it a big success.

"It's going to be a good show and we'll have plenty of sailors and soldiers to make things interesting, but we also would like to have all the pugilists and wrestlers in and about Victoria entered so as to make it a real big success," declared Mr. Pooler this morning.

**Fine Programme Drafted.**  
A splendid programme has been drawn up and those athletes who would like to enter are advised to send their entries to Petty Officer Kinch, at the Naval Barracks, Esquimalt.

M.M.S. Curlew will be here on a visit at the time of the tournament and some of her officers and crew will show their ability with the gloves. The British warships always carry some pretty slick mitt-wielders and the Curlew is reported to have some first-class pugilists in the "tween decks."

The events on the programme, for which entries are requested are as follows:

Heavyweight, over 175 lbs.  
Light heavyweight, under 175 lbs. and over 160 lbs.  
Middleweight, under 160 lbs. and over 140 lbs.  
Lightweight, under 147 lbs. and over 135 lbs.  
Featherweight, under 135 lbs. and over 125 lbs.  
Bantamweight, under 125 lbs.

**Boys Under 18.**  
Heavyweight, 154 lbs. or above.  
Middleweight, under 154 lbs. and over 140 lbs.  
Lightweight, under 140 lbs.

**Wrestling.**  
Heavyweight, 154 lbs. and above.  
Middleweight, under 154 lbs. and over 140 lbs.  
Lightweight, 140 lbs. and below.

These weights subject to slight alteration if further experience shows this to be necessary.

**TWO CRICKET GAMES SET FOR TO-MORROW**

**St. Aidan's Forced to Remain Idle Through Withdrawal of Garrison**

Owing to the withdrawal of the United Services there will be only two matches in the Wednesday Cricket League, consisting of Parsons, Edwards, L. Wyles, E. R. Lock and Colonel Goodday, to-day, to make arrangements for the matches.

Spencer's vs. Broad Street at the Jubilee Grounds, Wednesday.

University School vs. Hudson's Bay at Mt. Tolmie.

Broad Street is leading the league present and is called by its supporters to win to-morrow and maintain its unbroken string of victories. Should Spencer's by any chance score a first it would be recorded as the surprise of the season.

**Boys Due for a Win**  
University is also favored to be classed with the winners. The Hudson's Bay has a splendid team and is due for a win and may be able to bat its way to victory.

St. Aidan's, which is making a spirited bid for the league honors, will be forced to remain idle as a result of the withdrawal of the United Services.

The Hudson's Bay team for to-morrow's game will be as follows: P. N. A. Smith, A. Hain, C. I. Shrimpton, C. Ward, C. Lindner, G. Gahan, G. Wharf and W. Durban; C. Ellis, reserve.

The Wednesday Cricket League has received a challenge from the Vancouver Wednesday League and an intercity game will be played between leagues on July 2. The Wednesday League's selected committee will meet with the committee of the Saturday League, consisting of Parsons, Edwards, L. Wyles, E. R. Lock and Colonel Goodday, to-day, to make arrangements for the matches.

## PENSIONS BILLS BEFORE COMMONS

Measures Given First Reading Provide for Appeals  
Change in Returned Soldiers' Insurance Rules

Ottawa, June 12.—The House of Commons last night went into committee on the whole on a proposed resolution to amend the Returned Soldiers' Insurance Act providing that where an application for insurance has been received and the applicant dies prior to delivery to him of the policy, the approval of the application by the proper officer and the report of the initial premium should be deemed sufficient to put the insurance into force.

Hon. H. S. Beland, Minister of Soldiers' Civil Re-Establishment, said there were only six or seven cases like this.

Dr. Beland informed the committee that the total number of policies issued under this act up to March 31, 1923, was 19,560, and their value \$45,844,500. Death claims totalled \$14, amounting to \$129,400. The resolution carried and a bill based on it was given first reading.

**Pension Appeals.**  
Another resolution amending the Department of Soldiers' Civil Re-Establishment Act and granting power to the Minister to make regulations for appeals from decisions as to the right of ex-members of the forces to treatment with pay and allowances also was carried.

Dr. Beland stated there were nine units and that it was proposed to have three men on the appeal tribunals in each unit. The salaries would be on a per diem basis.

A bill based on the resolution received first reading.

**Appeal Board.**  
Dr. Beland then introduced a resolution amending the Professions Act, to be made retroactive to the first day of September, 1922, to appoint a District Review Board for each of the nine districts of the Department of Soldiers' Civil Re-Establishment and a Federal Appeal Board for Canada.

Answering Mr. Black, Conservative, Yukon, Dr. Beland stated that should the Pensions Commissioners refuse to carry out the decision of the District Review Board, the case would automatically go to the Federal Appeal Board.

The resolution was carried and a bill embodying it read a first time before adjournment.

**43,263 Pensioners.**  
At the session yesterday afternoon an appropriation of \$22,600,000 for European war and active militia pensions was taken by the House in committee of supply.

Hon. H. S. Beland said that in the year ending March 31 last there were 43,263 dependent pensioners and 1,484 dependents in receipt of pensions.

The amounts paid during the fiscal year ended March 31 for European war pensions was \$22,032,074, including Pensioners' Civil Re-Establishment and long service pensions, the total paid out was \$22,612,242. These amounts covered pensions only and had no reference to expenditure for treatment of disabled ex-soldiers.

**Dr. Tolmie Spoke.**  
Hon. S. F. Tolmie said the administration of pensions had not been carried out in the spirit under which the Act providing for them had been passed. This was unsatisfactory both to pensioners and to the public, who demanded that justice be done to the men who went overseas.

"We should," said Dr. Tolmie, "make an effort of our best to do justice to these men and to restore their usefulness."

Dr. Tolmie quoted details supplied by "men in Victoria who had made a careful study of the question," mainly dealing with decisions of the Soldiers' Civil Re-Establishment Department in individual cases and in proof of his statement.

What was the act for? he asked. In his opinion it was for just such cases as these that complaints were coming in by the hundreds. The public had watched the operation of the Act for a good time in the hope that little discrepancies would be overcome, but results were not satisfactory. The public was becoming excited. Dr. Tolmie declared, on the authority of an army officer, that seventy-five per cent. of the cases that came up received no consideration.

**RUPTURE**

Seeley, Famous in This Specialty, Called to Victoria.

F. H. Seeley, of Chicago and Philadelphia, the noted truss expert, will personally be at the Empress Hotel, and will remain in Victoria this Tuesday and Wednesday only, June 12 and 13. Mr. Seeley says: "The Spermatheca will not only retain any case of rupture perfectly, but contracts the opening in 10 days on the average case. Being a vast advancement over all former methods—exemplifying instantaneous effects—immediately appreciable and without standing any strain or position no matter the size or location. Large or difficult cases, or incisional ruptures (following operations) specially solicited. This instrument received the only award in England and in Spain, producing results without surgery, injections, medical treatments or prescriptions. Warning—All cases should be cautioned against the use of any elastic or web truss with understraps, as same rest where the lump is and not where the opening is, producing complications necessitating surgical operations. Mr. Seeley has documents from the United States Government, Washington, D. C., for inspection. He will be glad to demonstrate without charge or fit them if desired. Business demands prevent stopping at any other place in this section.

P. S.—Every statement in this notice has been verified before the Federal and State Courts.—F. H. Seeley, Home Office, 117 N. Dearborn St., Chicago.

**Ladner's View.**  
L. J. Ladner, Conservative, South Vancouver, said the insurance principle was the only one of which pensions should be based.

Dr. Beland asked if Mr. Ladner did not think a pension of \$900 a year, plus \$750 help allowance, was sufficient. The help allowance, he said, were matters for the Pension Commissioners to fix. The allowances ranged from \$250 to \$750 yearly.

In reply Mr. Ladner thought the blind man able to get around should be given, say \$50 a month, in order that he might employ a guide.

# THE TIMES DAILY PICTURE PAGE

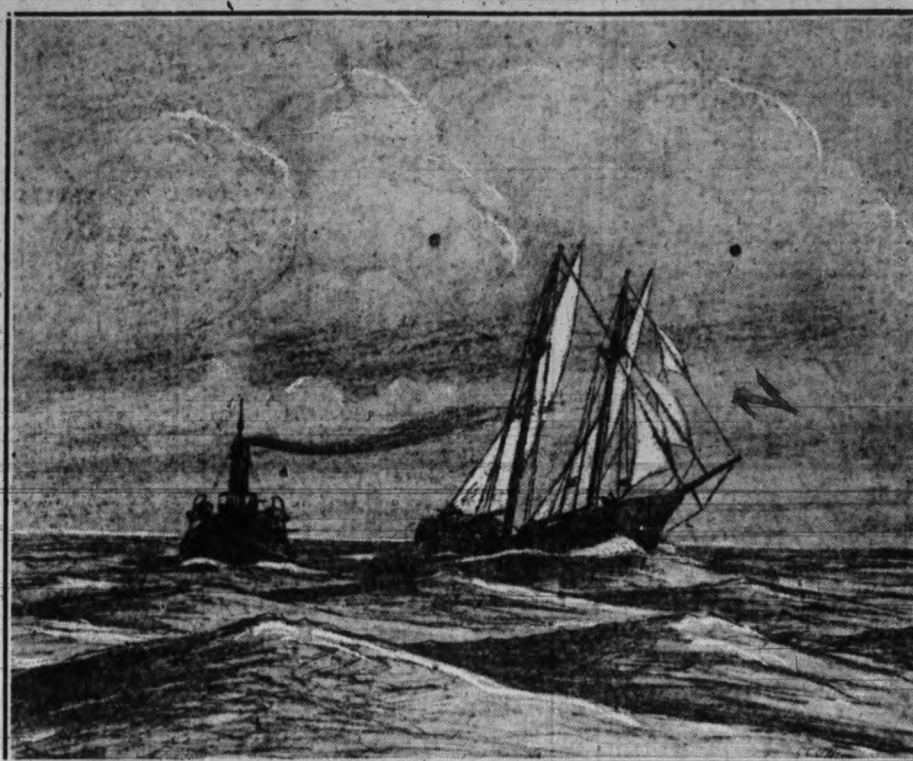

**ARTHUR H. SYDERE**, clerk of the Ontario Legislature, is 82 years of age this month. He has been in the service of the province since Confederation.

**FRANCES WILLARD IN HALL OF FAME**—The bust of Frances Elizabeth Willard, noted temperance worker and educator, being unveiled in the New York Hall of Fame by O. H. Willard, a kinsman. Here was the only statue of a woman among the seven placed there this year. The bust, by Lorando Taft, was given by the National W. C. T. U.

**FIRST APPOINTMENT IN BALDWIN MINISTRY**—Earl of Derby, former British Ambassador to Paris, continues as Secretary of State for war.

**A RUNNING FIGHT**—O. C. Upson of the Canadian Pacific liner Marburn, was the interested spectator of a fight near the Bahamas, between a rum-running schooner and a booze pirate. The schooner headed away to a spanking breeze and left the pirate behind. In drawing the incident, Mr. Upson has been meticulously correct in the matter of rigging and sails carried by such a craft. Every detail of the schooner is down to scale and her lines are typical of many fast sailing vessels which are making fortunes for their owners, carrying rum cargoes from Nassau.

**EUGENE E. HANNAN**, deaf and dumb sculptor of Washington, whose bust of President Harding, as a noble of the Mysia Shrine, is declared by those who have seen it to be one of the best likenesses of the chief executive any artist has executed.

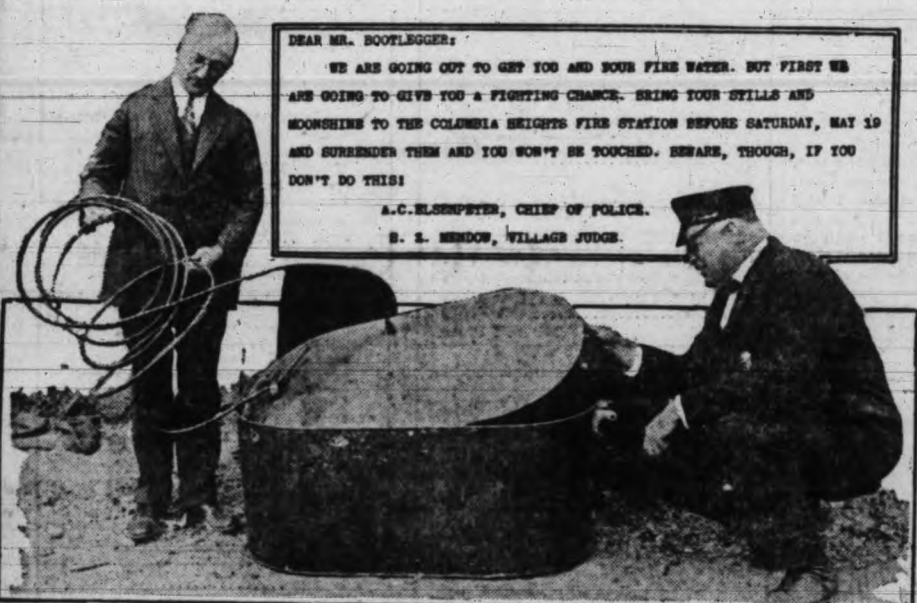

**THEY'RE FIGHTING FOR THE GOSPEL NOW**—From trenches, submarines and battlefields to altars and pulpits is quite a jump, you will admit. But these nine young theologians, graduating from Hama Divinity School at Wittenburg College, Springfield, O., have done just that much. Left to right in the front row are: R. N. McMichael, W. E. Bradley, E. R. Capewood, F. F. Secrist and L. H. Wyandt. In the rear are: C. C. Wessel, R. D. Heim, L. E. Snyder and G. F. Welseling.

**LIEUT.-COL. LORNE W. MULLOY**, better known as "Trooper" Mulloy, blind veteran of the South African War, has graduated in law at Osgoode Hall, Toronto.

**WHEN KINGS OF BEASTS GO VACATIONING**—Cute little critters, aren't they? But these two lions are bad actors. They used to frolic for the audience under the "big top." Now they're taking time off until their trainers arm heals from the latest show of dental affection.

**SURRENDERED STILL**—Judge H. Z. Mendow (left) and Chief A. C. Elsenpeter (right), of Columbia Heights, Minn., shown inspecting the first still voluntarily surrendered because of the ultimatum to bootleggers. The ultimatum is reproduced above the still.

DEAR MR. BOOTLEGGER:

WE ARE GOING OUT TO GET YOU AND YOUR FIRE WATER. BUT FIRST WE ARE GOING TO GIVE YOU A FIGHTING CHANCE. BRING YOUR STILLS AND MOONSHINE TO THE COLUMBIA HEIGHTS FIRE STATION BEFORE SATURDAY, MAY 19 AND SURRENDER THEM AND YOU WON'T BE TOUCHED. BEWARE, THOUGH, IF YOU DON'T DO THIS!

A. C. ELSERPETER, CHIEF OF POLICE.  
H. Z. MENDOW, VILLAGE JUDGE.

**IN FIRST PLACE**—Robert William Bradley, who heads the graduating class in the Faculty of Dentistry, McGill University. A native of Edmonton, Mr. Bradley carries off the class medal.

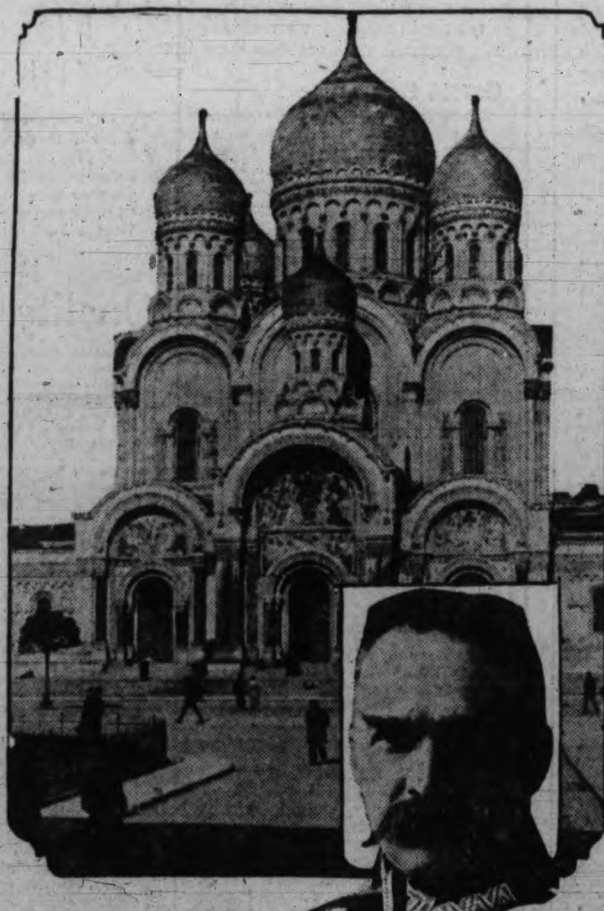

**NEW SPECIES**—This penguin is of the smallest variety known and lives farther north than other members of the penguin species.

**PROVINCIAL CONSTABLES** who took part in the hunt for Leo Rogers in North Bay are shown returning to Toronto.

## SCHOOL DAYS By DWIG

**POLES DESTROY WARSAW CATHEDRAL TO SHOW THEIR SCORN OF RUSSIA**—Cathedral of Alexander Nevski in Warsaw which is being destroyed by the Poles as a symbol of the disappearance of old Russian domination. Inset: Marshal Pilsudski, who with other National leaders, helped establish the Polish National Government.

**JUDGES FOR SARA BERNHARDT MEMORIAL TABLET**—The awards in the Orpheum Circuit's contest for a suitable design for a memorial tablet to be placed at the tomb of Madame Sara Bernhardt, were made at the home of Mrs. Rockefeller McCormick, daughter of John J. Rockefeller, in Chicago. Besides Mrs. McCormick, on right, the committee included: Mrs. John Alden Carpenter, Lorando Taft, Benjamin H. Marshall, famous architect, and M. Antonin Bartholomy, the French consul in Chicago.

**JUNE BRIDES**—New York society is occupied at this time of the year mostly with June weddings and here are three of the fairest brides in upper society. Miss Katherine Bulkeley (top) marries W. Boulton Kelly, of Baltimore. Cathleen Vanderbilt (center) is to wed Harry C. Cushing, 3rd., of New York City. Miss Marie Thayer is betrothed to Junius A. Richards, of New York City.

**ESCAPED**—John Clark, robber, who escaped with a pal from St. Vincent de Paul penitentiary.

ALL OVER HIM. Little Eleanor gazed long and thoughtfully at the young man who was calling on her grown-up sister Kate. "May I climb up on your knee, Mr. Browne?"

"Yes, of course, dear," smiled the young man who wanted to make a hit with the family. "Want to pull my hair, eh?"

"No, I want to see if I can find that word." "What word?" asked the puzzled visitor.

"I heard our Kate say this morning that if ever a man had the word 'idiot' written all over his face, it was you."

"Do you," said the learned counsel, "swear that you will tell me the truth, the whole truth, and—"

"Oh, how lovely," the fair witness interrupted: "shall I really be allowed to talk all the afternoon if I want to?"

AN OLD-TIMER. An elderly woman paid her first visit to the dentist to have several teeth extracted.

"Will you have gas, madam?" she was asked.

"Certainly," she replied. "I don't want you fumbling in the dark."

### For To-night

#### THE MAGIC SPOON—Part V.

Their voices were so faint and squeaky that the Ogre could not be made to hear when the basket was ready, so the little men all together caught the rope and tugged, and down came the dreadful voice of the Ogre again.

"If this dinner is not better than the last you cooked, into my mouth you go, all of you at one mouthful," he roared as he began to pull up the basket.

"Well, well, you must have given me a good dinner," he said in a softer tone, "for though I can draw up this basket with one finger it is heavier than ever before."

Dulcia, curled up in the bottom of the basket, felt her heart beating very fast, but she thought of the Prince and the smile and her courage returned.

Bump! went the basket on the floor and she could hear the Ogre breathing hard and smacking his mouth as he took out the good things to eat. Dulcia wondered if he would pull away the moss and slide her out, but he did not. He wondered if he would eat her "at one mouthful," as he had threatened to do with the dwarfs.

At last he had taken out the last of his supper and Dulcia drew a breath of relief, for he did not touch the moss, so she dared to move a tiny bit and peek through the hole of the basket. But her heart almost stopped its beating at what she saw.

In a very large chair before a very big table sat the Ogre—and such a creature as he was—two very big heads with black shaggy hair, on a wide heavy-looking body.

Two very big arms and hands and under the table Dulcia noticed he had two big feet and long thick legs.

On a big platter before him he had the turkey and with both hands he was feeding both of his very big mouths as he ate. And the mouth that was expecting to get it was wide open when the other head reached the food and swallowed it.

This was so funny that Dulcia thought—right through the basket, but the Ogre was too busy eating to watch long. In a minute he turned his heads back to his supper and went on eating.

And though a great many things had happened only a few hours had passed since Dulcia left the Palace gate and while she was cooking the dinner to help the mountain dwarfs the old King had died and her Prince was a King.

All this time Dulcia had not slept. She was very tired of course and while she had eaten some of the dinner she had not eaten it was placed the food ready. And the mouth that was expecting to get it was wide open when the other head reached the food and swallowed it.

## CITY'S FINANCE ADMINISTRATION LEFT IN THE AIR

**Council Refuses By Big Majority to Appoint Comptroller**

"Go Slow" Is Motto of Nearly All Members

Rejecting by a seven-to-three vote the proposal that the city advertise for a comptroller here and in Vancouver immediately, the City Council last night left the city's financial administration completely in the air. As a result, City Treasurer E. C. Smith will remain actual head of the Finance Department but without the formal Comptroller's powers, while Acting Comptroller J. McI. Muirhead will act as usual as City Accountant. Their work and functions were left undefined by the Council.

Action on the appointment of a Comptroller—not a Comptroller—was urged by Alderman Leeming's finance committee. The committee suggested that the city advertise for a Comptroller in Victoria and Vancouver, fixing a salary of \$250 a month. Only Alderman Leeming, Ker and Sargent favored this plan. ## WAS ALMOST A NERVOUS WRECK

**Says Wincarnis Restored Her Health**

"Ten months ago I began to lose my strength. My household duties became burdensome. I felt exhausted after the slightest exertion. Then my nerves got so bad that at the slightest noise I used to tremble, my legs would shake and my heart beat violently causing me to gasp for breath. One afternoon a friend called to see me and she was shocked at my pitiable condition. She went out and bought a bottle of 'Wincarnis' and gave me a dose right away. I continued taking 'Wincarnis' three times a day and its effect has been almost miraculous. Gradually but surely my strength came back, a color came into my cheeks, my nerves grew steady and it seemed as if I had taken a new lease on life. Today I am a very happy woman because I am well."

and Todd opposed it. The Mayor explained that he favored the appointment of a Comptroller, but not in the way the finance committee suggested. Alderman Woodward opposed the finance committee's plan because he thought it would be better to scrap the whole present city system, and substitute a board of control or a commission form of civic government.

**Superman Rare.**  
"We can't get the Superman some people are dreaming about at \$250 a month," said Alderman E. B. Andros, urging the Council to "make haste slowly," and leave the city's financial affairs in the hands of City Treasurer E. C. Smith for the time being.

"This is no reflection on Mr. Smith," Alderman H. B. Ker replied. He suggested that no mention of salary be made in the advertisement for Comptroller, so that all types of men would apply for the position. "Only to-day we had another proof of the need of a Comptroller," Alderman Leeming stated. "We had in our estimates \$600 for painting in the Fire Department, and I find that the Council had the other day authorized the expenditure of \$443 for this purpose, thus overspending the appropriation. How could this happen if we had a Comptroller who would see that things of this kind came before the Council in proper shape? These things could not happen with a Comptroller in charge."

Alderman Robert Dewar came forward with an entirely new proposal when he urged that Assistant Comptroller Muirhead be given a chance to make good as Comptroller.

"We have men in our employ who can handle the job all right," Alderman Sargent agreed.

**Should Co-ordinate Work.**  
"We've got to put this city on a business basis," said a Comptroller, who was absolutely necessary. The electors would consider the Council's position, he warned. Advising for a Comptroller would not prevent city officials applying for the position, he stated. The present officials, he said, had been "up to the ears in work" for years, and no one was filling the Comptroller's position.

Alderman Todd opposed the advertising plan, and suggested that money placed in the estimates for a Comptroller's salary be used in the assessor's department, which already has spent some of its annual appropriations.

**Urges Control Board.**  
"We must put the city on a business basis," declared Alderman E. S. Woodward, who advocated the inauguration of a Board of Control, a commission form of government. Aldermen, he asserted, should spend all their time on the city's business, and this would necessitate higher administrative salaries.

Alderman Todd thought that the city needed not a new department head but more clerical assistance.

**Should Set Duties.**  
Mayor Hayward proposed that the Council, before advertising for a comptroller, definitely fix the duties of this official and of the treasurer. Alderman Sargent suggested that new clerks be employed to assist the acting comptroller and the treasurer.

After the rejection of the proposal to advertise for a comptroller, Alderman Leeming suggested that the three last finance committee meetings and then criticising the committee's work.

"I say publicly that I will not attend the committee's meetings unless I feel so disposed," Alderman Andros retorted. "Alderman Leeming should be able to take a beating better than this."

"It looks as if you want a new finance committee as you won't take our advice," Alderman Leeming declared.

"That no dream," said Alderman Sargent.

"Well, you may get one so far as I am concerned," Alderman Leeming replied.

Other aldermen hastened to express their confidence in the finance committee.

The Council later decided to allow Mr. Smith and Mr. Muirhead to secure any temporary assistance they needed.

## MOVEMENT FROM CALIFORNIA BEGINS

Forerunners of the large number of Californians who will come to Vancouver Island this Summer, a party of seven, including Mr. and Mrs. J. B. Cook and Mr. and Mrs. F. H. Hill, of Long Beach, California, are registered at the Strathcona Hotel.

Mr. Cook told The Times that he found the scenery of the Island delightful. The party came over the Pacific Highway, making a few detours, but on the whole finding the road very satisfactory. They crossed from Vancouver to Nanaimo, and then went on to Spruce Lake. Of Spruce Lake Mr. Cook says: "It is one of the most wonderful places, for its rugged, broken and primeval beauty, and worth coming hundreds of miles to see." The motorists were also charmed with the Malahat drive. They found the Island roads in good shape.

Mr. Cook says that a large party of Californians are expected to make the trip to British Columbia this Summer. "They want something that is different, and here on the Island they can find it," he remarked. The party left to-day for Crescent Lake, in the Olympics.

## COUNCIL IS WARNED OF PROSECUTION ON INTEREST PAYMENT

**Cannot Continue American Bond Interest, Robertson Rules**

If they persist in making illegal interest payments in American money, Mayor Hayward and Aldermen will be liable to prosecution, the City Council was warned last night by City Counsel H. B. Robertson, K. C.

Stirred by this definite warning, the Council virtually decided to make July interest payments in Canadian or British money and secure legislation in the Fall to allow the resumption of payments in New York funds. Before a final decision is reached, the Finance Committee will look into the whole question.

Alderman E. S. Woodward injected a new possibility when he proposed that all future interest payments be made in Canadian money.

"If the bond holders can stand the July payment in Canadian money they be used to it and can stand it from then on," Alderman Woodward declared.

"We didn't know in the past about this," said Alderman Andros, referring to Mr. Robertson's warning. "Now we know we should not continue to act illegally. So far as I am concerned I won't put myself in this position."

"The interest won't be paid in American funds so far as I am concerned," said Mayor Hayward, who said he would sign for all interest payments.

Alderman Leeming said the city had no option in the bond question. It would have to pay the July interest in Canadian and British funds, east in Canadian and British funds, east in Canadian and British funds, east in Canadian and British funds.

## OAK DAY ENDORSES SAANICH AGREEMENT

**Auditor Appointed; Amendments to Health By-Law to Be Made**

Endorsement of the Saanich sewer agreement in outline was made at the meeting of the Oak Day Council last night. The matter was left in the hands of the Reeve to arrange the details in connection with the agreement.

Messrs. Ismay, Holston, Holden & Co. were appointed municipal auditors.

Recommendations in regard to the health by-law were made by municipal officials. These recommendations will be put into legal shape for presentation to the Council.

A letter will be written to Uplands, Ltd., asking that the conditions on Shore Road be repaired immediately as Beach Drive runs into this road and Oak Bay has been receiving undue criticism concerning alleged bad conditions there.

## INVITE TENDERS ON NEW MEMORIAL HALL

**Two Weeks Will See Work Commenced; Bids Must Be in By June 25**

The Christ Church Cathedral Buildings Company is now calling for tenders on the new Anglican Memorial Hall to be built on the corner of Vancouver and Courtney Streets.

Final decision was made at a meeting of the Cathedral Buildings Company yesterday afternoon in the Synod office. J. C. M. Keith, architect, was instructed to call at once for tenders, which must be submitted by June 25.

The proposed Memorial Hall will be a stone building, designed to provide accommodation for the work of the Anglican Church in the cathedral parish of the diocese, and also for the diocesan administration offices.

Consideration has been given to the need for providing for the religious education of children and young people, a thing which, to the church officials of the parish, is one of the most important duties of the present day. For this reason there will be a number of separate rooms for the young people's study classes and others for the children's religious instruction.

A guild room will be at the disposal of the parish organizations, and a library at the Vancouver Street entrance will contain books for the use of the children, young people, teachers and parents. Offices on the ground floor are provided for the Bishop of the diocese, the synod and the parish.

On the second floor of the building will be an auditorium with a seating capacity of 500. There will also be a recreation room, 66 by 46 feet, with the entrance on Courtney Street. This will be situated in the west wing.

The erection of the Memorial Hall will mark the beginning of the proceedings which will eventually culminate in the construction of the new Christ Church Cathedral.

**PRESS SERVICE FUNDS.**  
Ottawa, June 12.—Answering a question by A. F. Healy, Liberal, North Essex, Hon. W. S. Fielding stated in the House yesterday afternoon that \$311,499.29 had been paid to the Canadian Press, Ltd., made up of \$287,499 from the grant of \$50,000 voted each year since 1917-18, to aid in paying leased wire rentals, and \$24,000 on account of the annual grant of \$5,000 for cable services, paid 1920-21 to the Canadian Press, Limited, and formerly to the Canadian Press Statements of disbursements, which indicated that the grants had been allocated for all these purposes had been submitted regularly, the Minister stated.

## FIRE SITUATION IN OAK BAY IS DISCUSSED

**Council Says Fireman Needed Who Knows District Well**

The Fire Department's report on two fires, introducing the question of complaint to the City Council of the fire protection being given Oak Bay, occupied the greater portion of discussion at the Oak Bay Council meeting held in the Municipal Hall last night.

A letter will be sent the City Fire Department stating that the present condition is entirely unsatisfactory, and that a fireman should be appointed to the department who knows the Oak Bay district.

**The Report.**

The report stated that from enquiries which were made from the officer in charge of No. 8 Station, who responded to the alarm at 651 Monterey Avenue, it was found that the alarm was received at 12:03 noon. Lieut. P. L. Henry and Fireman J. Ready being on duty.

Difficulty was experienced in starting the motor, losing from three to four minutes. After starting, the apparatus was speeded to Monterey Avenue and on account of the high trees obscuring the smoke from the burning buildings, the hydrant, on the corner of Orchard Street and Monterey Avenue was passed. The chemical line was taken in and attention was given to save the adjacent house, separated from the burning building by about eight or ten feet.

**First Objection.**  
Objection was made to the fact that the fire engine passed the fire hydrant installed by the Council. It was thought that some one on the truck should have known where the hydrant was located, or that a person who knew the district should be placed at the No. 8 Station.

The report goes on to say that "this house was already on fire, and as the other was considered to be too far gone, Lieut. Henry tried to hold the fire with the chemical until Fireman Ready, with the assistance of a motor car, dragged the hose back to the hydrant and turned the water on." At 12:24 the operator called the Chief, and stated that several houses were burning. No. 2 Station then answered, but found that the No. 8 Station had the configuration under control and returned. Summing up the incident the Chief said that the fire had gained a good hold before the alarm was sent in.

**Amateur's Portion.**  
In reference to the Windsor Road fire on May 11, it was said the operator, C. Eccleston, misunderstood the person who gave the alarm. It was given: "Fire at David and Windsor, near Currie." The operator misunderstood the latter part, and thought it was Currie. This situation the Council thought almost unexcusable.

The operator immediately called and informed the Saanich Department. An operator in the telephone exchange informed Eccleston and the call had come from Oak Bay, so he then gave the alarm to No. 8 Station, who responded. Eccleston informed the Chief that the City Hall clock had struck 3 o'clock, a short time previous to the first telephone message came in, and as the No. 8 men left the station at 3:05 a.m. the time lost must have been about four minutes.

The report concluded by stating that C. Eccleston had been taken on account of this mistake, from the

operating room, and assigned to duty on one of the companies.

**Proper Time.**  
The actual time that the fire was discovered was 2:40, and the time that the fire engine arrived was 4:05 o'clock, according to the Councilors, one of whom had sent in an alarm at 2:52.

In addition to the letter stating that the report was unsatisfactory, a recommendation to keep an accurate report of the time was also made.

## SAANICH ORGANIZES PICNIC AT ELK LAKE ON DOMINION DAY

**All Sections and Organizations Combine to Support Municipal Get-Together**

At Tolmie School last night a meeting of representatives of all the public and semi-public bodies of Saanich overwhelmingly favored the holding of a Saanich Municipality-basket picnic, at Elk Lake, on July 2 next, the celebration to become an annual affair to take place on Dominion Day.

R. E. Collis, as president of the Saanich Central Ratepayers' Association, presided, with nearly forty prominent residents of Saanich taking part in the discussions.

Outlining the scheme tentatively endorsed by the Saanich Council last week, Mr. Collis said the institution of a "Saanich Day" would be an excellent method of drawing closer together the various wards of the municipality.

A picnic with sports would aid in cultivating the true sporting spirit, while addresses on citizenship would be a good feature. He favored the presentation to young folk attaining voting age of a certificate of some sort at these annual gatherings.

Reeve Watson said there would be nothing political in such a gathering, and praised the possibilities of the scheme. Trustee McWilliam, of the school board, favored an outing, and considered the board would give support.

**Water Sports Features.**  
Elk Lake was selected on account of the water sports possible, and the shady spots available for supper parties. The only other important competitor was the Saanich Agricultural Hall, this being due to transportation by interurban and the availability of the hall in the event of rain.

The arrangements for the picnic were entrusted to a general committee instructed to organize the necessary sub-committees for various purposes, this governing body being R. E. Collis, Reeve G. F. Watson, Councilor R. Macneil, Trustee C. McWilliam and J. Pimlott.

**A CLEVER WIFE.**  
How in the world do you manage to get your husband to take you to dances so often?  
"By using diplomacy, my dear. Since I told him that only the young men could dance these modern steps, he is eager to prove to me that he isn't getting old."
